- 1.2. 1.2.1. Tender forms can be downloaded from the e-tendering portal of Government of Maharashtra i.e. <https://mahatenders.gov.in> after entering.
- 1.2.2. The tenderers have to make a payment of Rs. Nil online as service charges for the use of Electronic tendering during online Bid Data Decryption and Re-encryption Stage of the tender.
- 1.2.3. For any assistance on the use of Electronic tendering system, the users may call : Shri. Rahul Swami Mobile : 9209000369 or Tel. No. 0217-2744771 / 72 / 73 / 74 / 76 Ext. 199 / 111 / 110 email : enggsec@sus.ac.in of Punyashlok Ahilyadevi Holkar Solapur University, Solapur.
- 1.2.4. Tenderers should install the Mandatory Components available on the Home Page of <https://mahatenders.gov.in> under the section „Mandatory Components „, and make the necessary Browser settings provided under section „Internet Explore settings „,

1.3. **GUIDELINES TO BIDDERS ON THE OPERATIONS OF ELECTRONIC TENDERING SYSTEM OF PUNYASHLOK AHILYADEVIHOLKAR SOLAPUR UNIVERSITY, SOLAPUR.**

A. Pre-requisite to participate in the tenders processed by the University.

1. **Enrolment and Empanelment of contractors on Electronic Tendering System**

The contractors interested in participating in the tenders of University processed using the Electronic Tendering system shall be required to enroll on the Electronic Tendering system to obtain User ID.

After submission of application for enrolment on the system, the application information shall be verified by the Authorized Representative of the Service Provider. If the information is found to be complete, the enrolment submitted by the Vendor shall be approved.

The contractors may obtain the necessary information on the process of enrolment and empanelment may visit the information published under the link Enroll under the section E-tendering toolkit for Bidders on the Home Page of the Electronic Tendering system.

2. **Obtaining a Digital Certificate :**

The Bid Data that is prepared online is required to be encrypted and the hash value of the Bid Data is required to be signed electronically using a Digital Certificate (Appropriate class).This is required to maintain the security of the Bid Data and also to establish the identity of the Contractor transacting on the system.

CONTRACTOR

No.s of correction

REGISTRAR

The Digital certificates are issued by an approved certifying Authority authorized by the Controller of certifying Authorities of Government of India through their Authorized Representatives upon receipt of documents required to obtain a Digital Certificate.

Bid data / information for a particular tender may be submitted only using the Digital certificate which is used to encrypt the data / information and sign the hash value during the Bid Preparation and Hash Submission stage. In case during the process of preparing and submitting a Bid for a particular tender, the contractor loses his / her Digital signature Certificate (i.e. due to virus attack, hardware problem, operating system problem); he / she may not be able to submit the Bid online. Hence, the Users are advised to store his / her Digital Certificate securely and if possible, keep a backup at safe place under adequate security to be used in case of need.

In case of online tendering, if the Digital Certificate issued to an Authorized User of a Partnership firm is used for signing and submitting a bid, it will be considered equivalent to a No objection certificate / power of attorney to that User to submit the bid on behalf of the Partnership firm. The Partnership firm has to authorize a specific individual via an authorization Certificate signed by a partner of the firm (and in case the applicant is a partner, another partner in the same firm is required to authorize) to use the digital certificate as per Indian Information Technology Act, 2000.

Unless the Digital Certificate is revoked, it will be assumed to represent adequate authority of the Authority User to bid on behalf of the firm for the Tenders processed on the Electronic Tender Management System of Government of Maharashtra as per Indian Information Technology Act, 2000. The digital signature of this Authorized User will be binding on the firm. It shall be the responsibility of Partners of the firm to inform the certifying authority of Sub certifying authority, if the Authorized User changes, and apply for fresh Digital Signature Certificate. The procedure for application of a Digital Signature Certificate will remain the same for the new Authorized User.

The same procedure holds true for the Authorized Users in a Private / Public Limited Company. In this case, the Authorization Certificate will have to be signed by the Director of the company or the Reporting Authority of the Applicant.

For information on the process of application for obtaining Digital Certificate, the Contractors may visit any Certifying Authority.

3. Recommended Hardware and Internet Connectivity

To operate on the Electronic Tendering System, the Contractors are recommended to use Computer System with at least 1 GB of RAM and broadband connectivity with minimum 512 kbps bandwidth.

CONTRACTOR

No. of correction

REGISTRAR

4. Set up of Computer System for executing the operations on the Electronic Tendering System

To operate on the Electronic Tendering System of Government of Maharashtra, the Computer System of the Contractors is required to be set up. The contractors are required to install utilities available under the section Mandatory Installation components on the Home Page of the System.

The Utilities are available for download freely from the above mentioned section. The contractors are requested to refer to the E-tendering Toolkit for Bidders available online on the Home Page to understand the process of setting up the System.

5 Payment for Service Provider fees :

In addition to the Tender Document Fees payable to Punyashlok Ahilyadevi Holkar Solapur University, Solapur the contractors shall pay service providers fees of Rs. NIL through **online payments** gateway service available on electronic Tendering System. For the list of options for making online payments, the Contractors are advised to visit the link E-Payment Options under the section E-Tendering Toolkit for Bidders on the Home Page of the Electronic Tendering System.

B. Steps to be followed by contractors to participate in the e-Tenders processed by the University.

1. Preparation of online Briefcase

All Contractors enrolled on the Electronic Tendering System of Government of Maharashtra are provided with dedicated briefcase facility to store documents / files in digital format. The Contractors can use the **online briefcase** to store their scanned copies of frequently used documents / files to be submitted as a part of their bid response. The contractors are advised to store the relevant documents in the briefcase before starting the Bid Preparation and Hash submission stage.

In case, the Contractors have multiple documents under the same type (e.g. multiple Work Completion Certificates) as mentioned above, the Contractors are advised to either create a single pdf file of all the documents of same type or compress the documents in a single compressed file in zip or rar formats and upload the same.

It is mandatory to upload the documents using the briefcase facility. Therefore, the Contractors are advised to keep the documents ready in the briefcase to ensure timely bid preparation.

Note: Uploading of documents in the briefcase does not mean that the documents are available to Punyashlok Ahilyadevi Holkar Solapur University, Solapur at the time of Tender Opening stage unless the documents are specifically attached to the bid during the online Bid Preparation and Hash Submission stage as well as during Decryption and Re-encryption stage.

CONTRACTOR

No. of correction

REGISTRAR

2 Online viewing of Detailed Notice Inviting Tenders:

The Contractors can view the Detailed Tender Notice along with the Time Schedule (Key Dates) for all the Live Tenders released by **Punyashlok Ahilyadevi Holkar Solapur University** on the home page of Solapur University's Web site &

e-Tendering Portal on <https://mahatenders.gov.in> under the section Organization Tenders.

3 Download of Tender Documents:

The Pre-qualification / Main Bidding Documents are available for free downloading. However to participate in the online tender, the bidder must purchase the bidding documents online by filling up details of the payment towards the cost of Tender Form Fee.

4 Online Bid Preparation and Submission of Bid Hash (Seal) of Bids:

Submission of Bids will be preceded by online bid preparation and submission of the digitally signed Bid Hashes (Seals) within the Tender Time Schedule (Key Dates) published in the Detailed Notice Inviting Tender. The Bid Details to be prepared in the templates provided by the university. The templates may be either form based, extensible tables and / or up loadable documents. In the form based type of templates and extensible table type of templates, the contractors are required to enter the data and encrypt the data using the Digital Certificate. In the upload able document type of templates, the Contractors are required to select the relevant document / compressed file (containing multiple documents) already uploaded in the briefcase.

Notes :

- a. The Contractors upload a single document or a compressed file containing multiple documents against each unloaderable option.
- b. The Hashes are the thumbprint of electronic data and are based on one – way algorithm. The Hashes establish the unique identity of Bid Data.
- c. The bid hash values are digitally signed using valid Class – II or Class – III Digital Certificate issued by any Certifying Authority. The Contractors are required to obtain Digital Certificate in advance.
- d. After the hash value of bid data is generated, the Contractors cannot make any change / addition in its bid data. The bidder may modify bids before the deadline for Bid Preparation and Hash Submission as per Time Schedule mentioned in the Tender documents.
- e. This stage will be applicable during both, Pre-bid / Pre-Qualification and Financial Bidding Processes.

5. Close for Bidding (Generation of Super Hash Values):

After the expiry of the cut-off time of Bid Preparation and Hash Submission stage to be completed by the Contractors has lapsed, the Tender will be closed by the Tender Authority.

The Tender Authority from Punyashlok Ahilyadevi Holkar Solapur University, Solapur generate and digitally sign the Super Hash values (Seals).

6 Decryption and Re-encryption of Bids (submitting the Bids online):

After the time for generation of Super Hash values by the Tender Authority from Punyashlok Ahilyadevi Holkar Solapur University, Solapur has lapsed, the Contractors have to make the online payment of **Rs. Ni I** towards the fees of the Service Provider.

CONTRACTOR

No. of correction

Page. 12
REGISTRAR

After making online payment towards Fees of Service Provider, the Contractors are required to decrypt their bid data using their Digital Certificate and immediately re-encrypt their bid data using the Public Key of the Tendering Authority. The Public Key of the Tendering Authority is attached to the Tender during the Close for bidding stage.

Note: The details of the Processing Fees shall be verified and matched during the Technical Opening stage.

At this time, the Contractors are also required to upload the files for which they generated the Hash values during the Bid Preparation and Hash Submission stage.

The Bid Data and Documents of only those Contractors who have submitted their Bid Hashes (Seals) within the stipulated time (as per the Tender Time Schedule), will be available for decryption and re-encryption and to upload the relevant documents from Briefcase. A Contractor who has not submitted his Bid Preparation and Hash Submission stage within the stipulated time will not be allowed to decrypt / re-encrypt the Bid data / submit documents during the stage of Decryption and Re-encryption of Bids (submitting the Bids online).

7 Short listing of Contractors for Financial Bidding Process:

The Tendering Authority will first open the Technical Bid documents of all Contractors and after scrutinizing these documents will shortlist the Contractors who are eligible for Financial Bidding Process. The shortlisted Contractors will be intimated by email.

8 Opening of the Financial Bids:

The Contractors may remain present in the Office of the Tender Opening Authority at the time of opening of Financial Bids. However, the results of the Financial Bids of all Contractors shall be available on the e-Tendering Portal of Government of Maharashtra i.e. <https://mahatenders.gov.in>. immediately after the completion of opening process.

9 Tender Schedule (Key Dates):

The Contractors are strictly advised to follow the Dates and Times allocated to each stage under the column "Contractor Stage" as indicated in the Time Schedule in the Detailed Tender Notice for the Tender. All the online activities are time tracked and the Electronic Tendering System enforces time-locks that ensure that no activity or transaction can take place outside the Start and End Dates and Time of the stage as defined in the Tender Schedule.

At the sole discretion of the Tender Authority, the time schedule of the Tender stages may be extended. Joint venture is not allowed.

2. EARNEST MONEY AND SECURITY DEPOSIT.

Scanned copy of Earnest Money Deposit (E.M.D.) which should be paid online and scan copy should be submitted as per tender schedule to the University Engineer.

2.1. Earnest money exemption certificate will not be accepted.

CONTRACTOR

Nos. of correction

REGISTRAR

- 2.2 The amount of earnest money will be forfeited, in case a successful contractor does not pay the amount of initial security deposit within the time specified as stipulated by the Registrar and complete the contract documents. In all other cases, earnest money will be refunded back to other contractors after deposition of Initial Security Deposit by successful contractor.

2.3 SECURITY DEPOSIT

The total Security Deposit to be paid shall be **5% (Five percent)** of agreed quoted amount. The successful tenderer shall have to deposit half of the Security Deposit by cash or by Demand Draft in favour of **Finance & Account Officer, Punyashlok Ahilyadevi Holkar Solapur University, Solapur**. Failing which his earnest money will be forfeited to the Registrar. The balance 50% security deposit will be

recovered from running account bills at 5% of a m o u n t s h o w i n g i t e m (d) o f t h e memorandum in printed C-1 form or as may be decided by the Registrar during course of execution of the work looking to the position and circumstances that may prevail, whose orders will be final and binding on the contractor.

The Security deposit for the due performance of the contract shall be as detailed in the tender documents elsewhere. Fifty percent of the Security deposit will have to be deposited within ten days of the acceptance of the tender and the remaining fifty percent will be recovered from the running bills as the rate as specified in the tender form on the cost of work as per CSR prevailing at the time of acceptance of tender.

Initial Security Deposit should be deposited by Demand Draft in favour of **Finance & Account Officer, Punyashlok Ahilyadevi Holkar Solapur University, Solapur**.

2.4. PERFORMANCE SECURITY DEPOSIT shall be (as per Government Resolution Public Works Department No.BDG2016/Pra.Kra-2/Bldg.2/dated 12/2/2016)

- 2.5. In the event of failure of the tenderer to pay initial security deposit within 10 days (unless extended in writing by the Registrar) from the date of receipt of notice of acceptance of his tender, the amount of earnest money shall be forfeited to University and the acceptance of his tender, shall be considered withdrawn. Except that in the event of the notice of acceptance of the tender not being issued within 120 days of the date of opening of **Envelope No.2 (financial bid)**. The tenderer shall have the option (to be intimated in writing in good time before the expiry of 120 days period) of withdrawing his tender, in which case the earnest money should be refunded in full. All the tenders shall remain open for acceptance for 120 days from the date fixed for opening of envelope No.2. (Financial bid) and thereafter until it is withdrawn by the tenderer by notice in writing as per condition No. 2 of the Memorandum.

The person / persons whose tender may be accepted (hereinafter called the contractor, which expression shall unless excluded by or repugnant to the Context include his heirs, executors, administrators, and assigns) shall (A) within 10 days (which may be extended upto 15 days if it thinks fit to do so by University authority and the **Common Account Code** of the University) of the receipt by him of the notification of the acceptance of his tender deposit with the **Finance & Accounts Officer, Punyashlok Ahilyadevi Holkar Solapur University, Solapur** in the form of D.D / Pay-order (from nationalise bank only) in favour of THE REGISTRAR, PUNYASHLOK AHILYADEVI HOLKAR SOLAPUR UNIVERSITY and payable at SOLAPUR. (B) (Permit the University at the time of making any payment to him for work done under the contract to deduct such as will amount to **FIVE percent** of all moneys so payable such deductions to be held by University by way of Security Deposit). Provided always that in the event of contractor depositing a lump sum by way of Security Deposit as contemplated at (A) above, then and in such case, if the sum so deposited shall not amount to FIVE percent of total estimated cost of the work, it shall be lawful for University at the time of making any payment to the contractor for work done under the contract to make up the full amount to FIVE percent by deducting a sufficient sum from every such payment at last aforesaid until the full amount of the security deposit is made up. All compensation or other sums of money payable by the contractor to the Registrar under the terms of his contract may be deducted from or paid by the sale of sufficient part of his security deposit or from the interest arising there from, or from any sums which may be due or may become due by Registrar to the contractor under any other contract or transaction of any nature on any account whatsoever and in the event of his security deposit being reduced by reason of any of such deduction or sale as aforesaid, the contractor shall, within ten days thereafter make good in cash or aforesaid and sum or sums which may have been deducted from or raised by sell of his security deposit or any part thereof.

The security deposit will not be accepted in forms of insurance co. Bonds as per Govt. Orders contained in No. CCM / PWD / CAT / 4250 dtd. 27/02/1956. If the amount the security deposit to be paid in a lump sum within the period specified at (A) above is not paid, the tender / contract already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts. The amount of security deposit lodged by a contractor shall be refunded along with the payment of the final bill, if the date upto which the contract has agreed to maintain the work in good order is over. If such date if not over only 50% amount of security deposit shall be refunded along with the payment of the final bill. In the event of the contractor failing or neglecting to complete rectification work, within the period upto which the contractor has agreed to maintain the work in good order, then subject to provision of clause 17 & 20 and all relevant clauses / conditions hereof the amount of security deposit retained by the Registrar shall be adjusted towards the excess cost incurred by the Department on rectification work.

The amount of Earnest Money Deposit paid by the tenderer along with the tender, will be forfeited in case, after his tender is accepted and the contractor does not complete the contract document and pay the security deposit of 2.5% of the total estimated cost put to tender amount within 10 days after the acceptance of the tender, otherwise it will be adjusted against the sum of security deposit required to be paid for completion of the contract documents.

CLAUSE 2 : COMPENSATION FOR DELAY

The time allowed for carrying out the work (including Monsoon Period) as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which a written order to commence the work is given to the contractor. The work shall through the stipulated period of the contract be proceeded with, with all due diligence (time being deemed to be the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one percent or such

CONTRACTOR

No.s of corrections

REGISTRAR

smaller amount as the Registrar (whose decision in writing shall be final) may decide, of the amount of the estimated cost of the whole work as shown by the tender for every day that the work remains uncommonness, or unfinished after the proper dates. And further to ensure good progress during execution of the work, the contractor shall be bound, in any cases in which the time allowed for any work exceeds one month of complete. The University Engineer / PMC / Architect shall forward his observations in this matter to the contractor shall be to adhere to the following scale of minimum requirement of progress based on time frame.

1/8 of the work in = 1 / 4 of the time
 3/8 of the work in = 1 / 2 of the time
 3 / 4 of the work in = 3 / 4 of the time
 100% of the work in = in completion time

Note : The quantity of the work to be done with a particular time to be specified above shall be fixed and inserted in the blank space kept for the purpose of the officer competent to accept the Contractors after taking in consideration the circumstances of each case and above by the Program of detailed process laid down by the University Engineer / PMC / Architect.

The following proportion will usually be found suitable – in 1 / 4, ½, ¾, of the time Reasonable progress of earthwork 1/6, ½, ¾ of the total value of work to be done Reasonable progress of masonry work 1 / 10, 4/10, 8/10 of the total value of work to be done.

The Contractor shall submit for approval of the University Engineer, PMC and Architect tentative Bar Chart and corresponding Financial out-put chart along with the tender showing the program which will be followed by the Contractor for procurement of materials, employment of skilled and unskilled labour, machinery and equipment and execution of work item by item area-wise so as to complete the work as per the above scale of minimum requirement based on time frame.

The review of actual progress of work shall be taken at any time and at any stage as deemed fit.

In the event of the contractor failing to comply with these conditions, he shall be liable to pay as compensation an amount equal to one percent or such smaller amount as Registrar (whose decision in writing shall be final) may decide of the said estimated cost of the whole work for every day that due quantum of work remains incomplete. Provided always that the total amount of compensation to be paid under the provisions of this clause shall not exceed 10 percent of the estimated cost of the work as shown in the tender. The Registrar should be the final authority in this respect and shall issue time to time notices to the contractor under this clause and also time to time recommended action against the contractor.

CLAUSE 3 : ACTION WHEN WHOLE OF SECURITY DEPOSIT IS FORFEITED

In any case in which under any clause of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of his security deposit whether paid in one sum or deducted by instalment, or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause the Registrar on behalf of the University, shall have power to adopt any of the following courses, as he may deem suited to the interest of the Punyashlok Ahilyadevi Holkar Solapur University, Solapur, if the Contractor shall be adjudged bankrupt or if he should make a general assignment for the benefit of his creditors, or if a receiver shall be appointed on account of his insolvency or if he should persistently or repeatedly refuse to carry on the work diligently or shall fall except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials or equipment for the progress of the work, or if he should fail to make prompt payments to sub-contractor or for materials or equipment or labour or persistently disregard laws, ordinance, or instructions of the University Engineer / PMC / Architect or assign this contract without written consent of University Engineer / PMC / Architect or sub let any portion of work or otherwise be guilty of a violation of any provision of the Contract or has abandoned the contract, or has failed to commence the works, or has suspended the works,

REGISTRAR

or any other Clause then the Registrar upon the recommendation of the University Engineer / PMC / Architect that the sufficient cause exists to justify such action, may without prejudice to any other right or remedy and after giving the contractor seven days notice in writing, terminate the employment of the contractor and take possession of the premises and of all materials, equipment, tools and appliances thereon and may finish the work by adopting any of the following methods as deemed expedient or any other cause, the Registrar shall have power to adopt any of the following courses, as he deem best suited to the interest of :**PUNYASHLOK AHILYADEVI HOLKAR SOLAPUR UNIVERSITY, SOLAPUR.**

(a)To rescind the contract (for which rescission notice in writing to the contractor under the hand of Registrar shall be conclusive evidence) and in that case the Security Deposit of the contractor shall stand forfeited and be absolutely at the disposal of **PUNYASHLOK AHILYADEVI HOLKAR SOLAPUR UNIVERSITY, SOLAPUR.**

(b) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant and charges on additional supervisory staff including the cost of work-charged establishment employed for getting unexecuted part of the work completed and crediting him with the value of the work done departmentally in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the University Engineer / PMC / Architect as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.

(c) To order that the work of the contractor be measured up and to take such part thereof as shall be unexecuted, out of his hands and to give it to another to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work-charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and at the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as it has been carried out by the contractor under the terms of his contract. The certificate of the University Engineer / PMC / Architect as to all the cost of the work and other expenses incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under clause (a) above the contractor shall not be entitled to recover or be paid, any sum for any work therefore actually performed by him under this contract unless and until the University Engineer / PMC / Architect shall have recommended in writing the performance of such work and the amount payable to him in respect thereof and he shall only be entitled to be the amount so certified. In the event of either of the courses referred to in clause (b) or (c) being adopted and the cost of the work executed departmentally or through a new contractor and other allied expenses exceeding the value of such work credited to the contractors, the amount of excess shall be deducted from any money due to the contractor by the Registrar under the contract or otherwise howsoever or from his security deposit or the sale proceeds thereof provided, however that the contractor shall have no claim against the Registrar even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clauses (a), (b) or (c) is adopted by the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchases, or produced any materials, or entered into any engagements, or made any advances on account of, or with a view of the execution of the work or the performance of the contract.

CLAUSE 4 : ACTION WHEN THE PROGRESS OF ANY PARTICULAR PORTION OF THE WORK IS UNSATISFACTORY

If the progress of any particular portion of the work is unsatisfactory, the University Engineer / PMC / Architect shall notwithstanding that the general progress of the work is satisfactory in accordance with the conditions mentioned in clause 2, be entitled to take action under clause 3 (b) after giving the contractor 10 days' notice in writing. The contractor will have no claim for compensation, for any loss sustained by him owing to such action.

CLAUSE 5 : CONTRACTOR REMAINS LIABLE TO PAY COMPENSATION IF ACTION NOT TAKEN UNDER CLAUSE 3 & 4. POWER TO TAKE POSSESSION OF OR REQUIRE REMOVAL OF OR SELL CONTRACTOR'S PLANT

In any case in which any of **the powers conferred upon the Registrar by clauses 3 and 4** hereof shall have become exercisable and the same shall not have been exercised, the non-exercise thereof shall not constitute a waiving of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any further case of default by the contractor for which under any clause hereof he is declared liable to pay compensation amounting to **the whole of his security deposit** and the liability of the contractor for past and future compensation shall remain unaffected.

In the event of the **Registrar** taking action under sub-clause (a) or (c) of clause 3, he may, if he so desires, take possession of all or any tools, plant, materials and stores, in or upon the work on the site thereof or belonging to the contractor, or produced by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in account at the contract rates, or in the case of contract rates not being applicable, at current market rates, recommended by the University Engineer / PMC / Architect whose certificate thereof shall be final. In the alternative, the Registrar may, after giving notice in writing to the contractor or his Engineer, foreman or other authorised agent require him to remove such tools, plant, materials, or stores from the premises within a time to be specified in such notice; and in the event of the contractor failing to comply with any such requisition, the Registrar may remove them at the contractor's expense or sell them by auction or private sale on account of the contractor and at his risk in all respects and the certificate of the University Engineer / PMC / Architect as to the expenses of any such removal and the amount of the proceeds and expense of any such sale shall be final and conclusive against the contractor.

CLAUSE 6 : EXTENSION OF TIME

If the contractor shall desire an extension of the time for completion of work on the ground of his having been unavoidably hindered in its execution or on any other ground, he shall apply in writing to the University Engineer / PMC / Architect before the expiry of the period stipulated in the tender or **before the expiration of 30 days** from the date on which he was hindered as aforesaid or on which the cause for asking for extension occurred, whichever is earlier and the University Engineer / PMC / Architect if in their opinion, there were reasonable grounds for granting an extension, recommend such extension as they think necessary and propose to the **Vice-chancellor**. The decision of the **Building and Works Committee** Punyashlok Ahilyadevi Holkar Solapur University, Solapur in this matter shall be final.

CLAUSE 7 : FINAL CERTIFICATE

On the completion of the work on and on completion of defect liability period the contractor shall be furnished with a certificate of completion by the University Engineer / PMC / Architect. Of such completion, only on fulfilling all the conditions stipulated in the contract and submitting all the required documents, submit the receipt of payment of royalties, receipts of payment of all statutory charges, GST payment receipts etc. In case of issue of certificate by Architect, the Architect may issue the certificate only on recommendation of the University Engineer / PMC / Architect that the work is done and executed as per the specifications and all defects notified to the contractor from time to time are rectified. That no such certificate shall be given nor shall the work be considered to be completed until the contractor shall have removed the premises on which the shall have been executed, all scaffolding, surplus materials and rubbish, and shall have cleaned off, the dirt from all woodwork, doors, windows, walls, floors or other parts or any building in or upon which the work has been executed, or of which he may have had possession for the

CONTRACTOR

NO. OF CORRECTION

REGISTRAR

purpose of executing the work, nor until the work shall have been measured by the University Engineer / PMC / Architect or where the measurements have been taken by his subordinates until they have received approval of the University Engineer / PMC / Architect, the said measurements being binding and conclusive against the contractor. The contractor also has to submit all the documentation mentioned in this tender and submit the receipt of payment of royalties and to pay all required payment and submit receipt of payment and all statutory charges as mentioned and rectify all the defects before final certificate and before issue of completion certificate.

If the contractor shall fail to comply with the requirements of this clause as to the removal of scaffolding, surplus materials and rubbish and clearing of dirt on or before the date fixed for the completion of the work the **Owner / Registrar** may at the expense of the contractor, remove such scaffolding, surplus materials and rubbish, and dispose of the same as he thinks fit and clean off such dirt as aforesaid and the contractor shall forthwith pay the amount of all expenses so incurred, but shall have no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realised by the sale thereof.

CLAUSE 8 : **PAYMENT ON INTERMEDIATE**
CERTIFICATE TO BE REGARDED AS
ADVANCES

No payment shall be made for any work, estimated to cost less than rupees one thousand till after the whole of work shall have been completed and a certificate of completion given. But in the case of works estimated to cost more than rupees one thousand, the contractor shall, on submitting a monthly bill for the work, be entitled to receive payment proportionate to the part of the work then approved and passed by the University Engineer / PMC / Architect, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payments only and not as payments for work actually done and completed, and shall not preclude the University Engineer / PMC / Architect from requiring any bad, unsound, imperfect or unskilful work to be removed or taken away and reconstructed, or re-erected nor shall any such payment be considered as an admission of the due performance of the contractor any part thereof in any respect or the accruing of any claim, nor shall it conclude, determine, or affect in any other way the powers of the University Engineer / PMC / Architect as to the final settlement and adjustment of the accounts or otherwise, or in any other way or affect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for the completion of the work, otherwise the University Engineer / PMC / Architect certificate of the measurements and of the total amount payable for the work shall be final and binding on all parties.

CLAUSE 9 : **PAYMENT AT REDUCED RATES ON ACCOUNT OF**
ITEMS OF WORK NOT ACCEPTED AS
COMPLETED.
TO BE AT THE DISCRETION OF THE UNIVERSITY ENGINEER /
PMC / ARCHITECT

The rates for several items of works estimated to cost more than Rs. 1,000/- agreed to within, shall be valid only when the item concerned is accepted as having been completed fully in accordance with the sanctioned specifications. In cases where the items of work are not accepted as so completed the University Engineer / PMC / Architect may recommend payment on account of such items at such **reduced rates** as he may consider reasonable in the preparation of final or on account bills to the University Engineer / PMC / the Architect for his scrutiny and issued of certificate.

CLAUSE 10 : **BILLS TO BE SUBMITTED MONTHLY.**

A bill shall be submitted by the contractor each month on or before the date fixed by the University Engineer / PMC / Architect for all work executed in the previous month, and the University Engineer / PMC / Architect shall take or cause to be taken the requisite measurement for the purpose of having the same verified; and the claim, so far as it is admissible, shall forward it to the Architect for technical checking and the University Engineer / PMC / Architect shall recommend, if possible within fifteen working days from the receipt of the bill from the University Engineer / PMC / Architect. Provided the

contractor submit all required document, atleast twelve progress photographs in two sets of the work considered in that bill, progress report, and all other necessary document and also there are no ambiguities in the bill as over measurements, duplication and the measurement claimed in the bill of the work not done / executed. The payment will be considered only as per the corrected measurements and corrected bill. If the contractor does not submit the bill within the time fixed as aforesaid, the University Engineer / PMC / Architect may depute a subordinate to measure up the said work in the presence of the contractor or his duly authorised agent whose counter signature to the measurement list shall be sufficient warrant and the University Engineer / PMC / Architect may prepare bill from such list which shall be binding on the contractor in all respects.

CLAUSE 11 : BILLS TO BE ON PRINTED FORM

The contractor shall submit all bills on the printed forms to be had on application at the office of the University Engineer. The bill shall be submitted in two copies of measurements and abstract of cost. The charges to be made in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions, and not mentioned or provided for tender, at the rates hereinafter provided for such work.

CLAUSE 12 : STORES SUPPLIED BY THE OWNER

If the specification or estimate of the work provides for the use of any special description of materials to be supplied from the stores of Registrar or if it required that the contractor shall use certain stores to be provided by the Registrar (such material and stores and the prices to be charged therefore as hereinafter mentioned being so far practicable for convenience of the contractor but not so as in any way to control the meaning or effect of this contract specified in the schedule of memorandum hereto annexed) the contractor shall be supplied with such materials and stores as may be required from time to time to be used by him for the purposes of the contract only and the value of the full quantity of the materials and stores so supplied shall be set off or deducted from any sums then due, or thereafter to become due to the contractor under the contract, or otherwise, or from the security deposit. All materials supplied to the contractor shall remain the absolute property of Punyashlok Ahilyadevi Holkar Solapur University, Solapur and shall on no account be removed from the site of the work, and shall at all times be open to inspection by the University Engineer / PMC / Architect, so requires by a notice in writing given under his hand, but the contractor shall not be entitled to return any such materials excepts with consent of the University Engineer / PMC / Architect and he shall have no claim for compensation on account of any such materials supplied to him as aforesaid but remaining unused by him or for any wastage or damage to any such materials.

CLAUSE 12 (A) :

The contractor under lock should keep all stores of materials such as cement, steel, fittings and all the materials etc., and key will be accessible for inspection to the University Engineer / PMC and the Architect and Registrar or their authorised representatives at all times.

CLAUSE 13 : WORKS TO BE EXECUTED IN ACCORDANCE WITH SPECIFICATIONS DRAWINGS, ORDERS, ETC.

The contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner, and both as regards materials and every other respect in strict accordance with specifications. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings and instructions in writing relation to the work signed by the University Engineer / PMC / Architect and lodged in his office and to which the contractor shall be entitled to have access for the work during office hours. The contractors will be entitled to receive three sets of contract drawing and working drawings as well as one certified copy of the accepted tender along with the work order free of cost. Further copies of the contract drawings and working drawing if required by him, shall be supplied at the rate of Rs. 100/- per drawing.

CONTRACTOR

REGISTRAR

CLAUSE 14 : **ALTERATIONS IN SPECIFICATIONS AND
DESIGNS NOT TO INVALIDATE
CONTRACTS**

The University Engineer / Architect / the PMC on behalf of the Registrar, shall have power to make any alterations in, or additions to the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work, and the contractor shall be bound to carry out the work in accordance with any instructions in this connection which may be given to him in writing signed by the University Engineer / PMC / the Architect and such alteration shall not invalidate the contract, and any additional work which may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects on which he agreed to do the main work, and at the same rates as are specified in the tender for the main work.

**RATES FOR WORKS NOT ENTERED IN
ESTIMATE OR SCHEDULE OF RATES OF THE
CONTRACT**

And if the additional and altered work includes any class of work for which no rate is specified in this contract, then such class of work shall be carried out at the rates entered in the SSR- State Schedule of Rates of the Public Works Division prevailing at the time when the extra /additional items crop up or at the rates mutually agreed upon between the University Engineer / PMC / the Architect and the contractor, whichever are lower, if the additional or altered work, for which no rate is entered in the Schedule of Rates of the Division, is ordered to be carried out then the contractor shall submit detailed analysis as per conditions of contract laid down under section 8 of this document of conditions of contract. The contractor shall accept the rate of such non- schedule item worked out in line with these conditions by University Engineer / PMC / Architect. The contractor shall not withhold the work. In the event of a dispute, the decision of the University Engineer / PMC / Architect will be final and binding on contractor.

Where, however, the work is to be executed according to the designs, drawings and specifications recommended by the contractor and accepted by the competent authority the alterations above referred to shall be within the scope of designs, drawings and specifications appended to the tender.

**EXTENSION OF TIME IN CONSEQUENCE
OF ADDITIONS OR ALTERATIONS**

The time limit for the completion of the work shall be extended in the proportion that the increase in its cost occasioned by alterations or additions bears to the cost of the original contract work, and the certificate of the University Engineer / PMC / the Architect as to such proportion shall be conclusive.

CLAUSE 15 : **NO CLAIM TO ANY PAYMENT OR COMPENSATION FOR
ALTERATION IN OR RESTRICTION OF WORK**

(1) If at any time after the execution of the contract documents, the University Engineer / PMC / Architect shall for any reason what-so-ever (other than default on the part of the contractor for which the Registrar is entitled to rescind the contract) desires that the whole or any part of the work specified in the tender should be suspended for any period or that the whole or part of the work should not be carried out at all he shall give to the contractor a notice in writing of such desire and upon the receipt of such notice the contractor shall forthwith suspend or stop the work wholly or in part required, after having due regard to the appropriate stage at which the work should be stopped or suspended so as not to cause any damage or injury to the work already done or endanger the safety thereof provided that the decision of the University Engineer / PMC / the Architect as to the stage at which the work or any part of it could be or could have been safely stopped or suspended shall be final and conclusive against the contractor. The contractor shall have no claim to any payment or compensation whatsoever by reason of or in pursuance of any notice as aforesaid, on account of any suspension, stoppage or curtailment except to the extent specified hereinafter.

(2) Where the total suspension of work ordered as aforesaid continued for a continuous period exceeding 90 days the contractor shall be at liberty to withdraw from the contractual obligations under the contract so far as it pertains to the unexecuted part of the work by giving a 30 days' prior notice in writing to the University Engineer / PMC / Architect within 30 days of the expiry of the said period of 90 days, of such intention and requiring the University Engineer / PMC / Architect to direct the contractor to submit the final measurements of the work already done so as to process the final bill for University Engineer / PMC / Architect Payment Certificate. Upon giving such notice the contractor shall be deemed to have been discharged from his obligation to complete the remaining unexecuted work under his contract. On receipt of such notice the University Engineer / PMC / the Architect with the approval of the **Chairman of The Building and Works Committee**, shall proceed to complete the final measurement of the work already done and issue the payment certificate for such payment as may be finally due to the contractor within a period of 90 days from the receipt of such bill in respect of the work already done by the contractor. Such payment shall not in any manner prejudice the right of the contractor to any further compensation under the remaining provisions of this clause.

(3) Where the University Engineer / PMC / the Architect required the contractor to suspend the work for a period in excess of 60 days at any time or 100 days in the aggregate or due to delay in obtaining statutory permission from any organisation, the contractor shall be entitled to apply to the Registrar within 60 days of the resumption of work after such suspension for payment of compensation to the extent of precautionary loss suffered by him in respect of working machinery rendered idle on the site or on the account of his having and to pay the salary or wages of labour engaged by him during the said period of suspension, provided always that the contractor shall not be entitled to any claim in respect of any such working machinery, salary wages for the first 60 days whether consecutive or in the aggregate of such suspension or in respect of any suspension whatsoever occasioned by unsatisfactory work or any other default on his part. No payment on any account as compensation for loss of profit, idle machinery, labour, Administrative charges, security etc. shall be made to the contractor. The decision of the Registrar in this regard shall be final and conclusive against the contractor.

(4) **NO CLAIM TO COMPENSATION ON ACCOUNT OF LOSS DUE TO DELAY
INSUPPLY OF MATERIALS BY THE OWNER**

In the event of -

- (i) Any total stoppage of work on notice from the University Engineer / PMC / the Architect and the owner under sub-clause (1) in that behalf.
- (ii) Withdrawal by the Contractor from the contractual obligation to complete the remaining unexecuted work under sub-clause (2) on account of continued suspension of work for a period of exceeding 90 days.
- (iii) Curtailment in the quantity of item or items originally tendered on account of any alteration, omission or substitutions in the specifications, drawings, designs or instructions under clause 14 and clause 38 where such curtailment exceeds 25% in quantity and the value of the quantity curtailed beyond 25% at the rates for the items specified in the tender is more than Rs. 5000/-

It shall be open to the contractor, within 90 days from the service of (i) the notice of stoppage of work or (ii) the notice of withdrawal from the contractual obligations under the contract on account of the continued suspension of the work or (iii) notice under clause 15(1) resulting in such curtailment, to produce to the University Engineer / PMC / the Architect satisfactory documentary evidence that he had purchased or agreed to purchase material for use in the contract work, before receipt by him of the notice of stoppage, suspension or curtailment and require the Registrar to take over on payment such material at the rates determined by the PMC / University Engineer, with consultation of the Architect, provided, however, such rates shall in no case exceed the rates at which the same was acquired by the contractor. The Registrar shall thereafter take over the material so offered, provided, the quantities offered, are not in excess of the requirements of the unexecuted work as specified in the accepted tender and are of quality and specifications approved by the University Engineer / PMC / the Architect.

REGISTRAR

CLAUSE 15 A : NO CLAIM TO COMPENSATION ON ACCOUNT OF LOSS DUE TO DELAY IN SUPPLY OF MATERIALS BY THE OWNER

The contractor shall not be entitled to claim any compensation from the Registrar for the loss suffered by him on account of delay by the Registrar in the supply of materials entered in Schedule A where such delay is caused by -

- (i) Difficulties relating to the supply or railway wagons. – Not applicable
- (ii) Force majeure.
- (iii) Act of God.
- (iv) Act of enemies of the State or any other reasonable cause beyond the control of the Registrar.

In the case of such delay in the supply of materials, the Building and Works Committee shall grant such extension of time for the completion of the work as shall appear to the University Engineer / PMC / Architect to be reasonable in accordance with the circumstances of the case. The decision of the Chairman, Building and Works Committee as to the extension of time shall be accepted as final by the contractor.

CLAUSE 16 : TIME LIMIT FOR UNFORESEEN CLAIMS.

Under no circumstances whatever shall the contractor be entitled to any compensation from the Registrar on any account unless the contractor shall submitted a claim in writing to the University Engineer / PMC / the Architect within one month of the cause of such claim occurring.

CLAUSE 17 : ACTION AND COMPENSATION PAYABLE IN CASE OF BAD WORK.

PWD Resolution No CAT / 1087 / CR 94 / BLDG 2 Dt. 14 / 06 / 89

If any time before the security deposit or any part thereof is refunded to the contractor, it shall appear to the University Engineer / PMC / the Architect or their subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound, or of quality inferior to that contracted for, or are otherwise not in accordance with the contract it shall be lawful for the University Engineer / PMC / Architect to intimate this fact in writing to the contractor and then notwithstanding the fact that the work, materials or articles complained of may have been inadvertently passed, certified and paid for the contractor shall be bound forthwith to rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require, or if so required shall remove the materials or articles so specified and provided & other proper and suitable materials or articles at his own charge and cost, and in the event of his failing to do so within a period to be specified by the Architect in the written intimation aforesaid, the contractor shall be liable to pay compensation at the rate of one percent on the amount of the estimate for every day not exceeding ten days during which the failure so continues and in the case of any such failure, the Owner may rectify or remove, re- execute the work or remove and replace the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor. Should the Registrar on the advice of the University Engineer / PMC / the Architect consider that any such inferior work or materials as described above may be accepted or made use of if shall be within his discretion to accept the same at such reduced rates as he may fix therefore. However such inferior works or materials may be accepted on obtaining report / observation from the University Engineer / PMC / Architect.

CLAUSE 18 : WORK'S TO BE OPEN TO INSPECTION. CONTRACTOR OR RESPONSIBLE AGENT TO BE PRESENT

All works under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the University Engineer / PMC / the Architect and their subordinates, and the contractor shall at all other times at which reasonable notice of the intention of the University Engineer / PMC / the Architect and their subordinates to visit the work shall have been given to the contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's duly authorised agent shall be considered to have the same force and effect as if they had been given to the contractor himself.

CLAUSE 19 : NOTICE TO BE GIVEN BEFORE WORK IS COVERED UP.

The contractor shall give not less than five working days clear notice in writing to the University Engineer / PMC / the Architect or their subordinates in charge of the work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof taken of before the same is so covered up or placed beyond the reach of measurement and shall not cover up or place beyond the reach of measurement any work without the consent in writing of the PMC / the Architect or their subordinates in charge of the work, if any work shall be covered up or place beyond the reach of measurement, with such notice having been given or consent obtained the same shall be uncovered at the contractor's expense, and in default thereof no payment or allowance shall be made for such work or for the materials with which the same was executed.

CLAUSE 20 : CONTRACTOR LIABLE FOR DAMAGE DONE AND FOR IMPERFECTIONS

PWD Resolutions No CAT – 1087 / CR – 94 / BLDG 2 Dt. 14 / 06 / 89

If during the period of **TWENTY FOUR MONTHS** from the date of completion as certified by the PMC / the Architect pursuant to Clause 7 of the contract or _____ or _____ months / years after commissioning the work, whichever is earlier in the opinion of the University Engineer/PMC / the Architect the said work is defective in any manner whatsoever, the contractor shall forthwith on receipt of notice in that behalf from the University Engineer / PMC / the Architect duly commence execution and completely carry out at his cost in every respect all the work that may be necessary for rectifying & setting right the defects specified therein including dismantling and reconstruction of unsafe portions strictly in accordance with and in the manner prescribed and under the supervision of the University Engineer / PMC / the Architect. In the event of the contractor failing or neglecting to commence execution of the said rectification work within the period prescribed therefore in the said notice and / or to complete the same as aforesaid as required by the said notice, the Registrar get the same executed and carried out departmentally or by any other agency at the risk on account and at the cost of the contractor. The contractor shall forthwith on demand pay to the owner the amount of such cost charges and expenses sustained or incurred by the owner of which the certificate of University Engineer / PMC / the Architect shall be final and binding on the contractor. Such costs, charges and expenses shall be deemed to be arrears of land revenue and in the event of the contractor failing or neglecting to pay the same on demand as aforesaid without prejudice to any other rights and remedies of the owner, the same may be recovered from the contractor as arrears of land revenue. The Registrar shall also be entitled to deduct the same from any amount which may then be payable by the owner to the contractor either in respect of the said work or any other whatsoever or from the amount the security deposit retained by the Registrar.

The defect liabilities period in particular for waterproofing treatment (Building works) shall be 10 (ten) years. In this connection please see also additional specifications at S.R. No. 10 (for liabilities of water proofing treatment work meant for ten years and amount of equivalent of 10% of whole security deposit will be held up for ten years from the same.)

CLAUSE 21 : CONTRACTOR TO SUPPLY PLANT, LADDERS, SCAFFOLDINGS, ETC.

The contractor shall supply at his own cost all material (except such special materials, if any as may, in accordance with the contract, be supplied from the university's stores), plant, tool, appliances, implements, ladders, cordage, tackle scaffolding, shuttering profiles, all transport of labour, and temporary works requisite or proper for the proper execution of the work, whether, in original, altered or substituted form, and whether included in the specification or other documents forming part of the contract or referred to in these conditions or not and which may be necessary for the purpose of satisfying or complying with requirements of the University Engineer / PMC / the Architect as to any matter as to which under these conditions he is entitled to be satisfied, or which he is entitled to require together with the carriage therefore to and from the work. The contractor shall also supply without extra charge the requisite number of persons with the means and materials necessary for the purpose of setting outworks and counting, weighing and assisting in the measurement or examination at anytime and from time to time of the work of the materials, failing which the same may be provided by the Registrar at the expense of the contractor and the expenses may be deducted from any money due to the contractor under the contract or from his security deposit or the proceeds of sale thereof, or of sufficient portion thereof.

REGISTRAR

**AND IS LIABLE FOR DAMAGES ARISING
FROM NON-PROVISIONS OF LIGHTS, FENCING
ETC.**

The contractor shall provide all necessary fencing and lights required to protect the public from accident, and shall also be bound to bear the expenses of defence of every suit, action or other legal proceeding, that may be brought by any person for injury sustained owing to neglect of the above precautions, and to pay any damages and cost which may be awarded in any such suit, action or proceedings to any such person / persons, or which may with the consent of the contractor be paid for compromising any claim any such person. List of machinery in contractor's possession and which they propose to use on works should be submitted along with the tender.

CLAUSE 21 A :

The contractor shall provide suitable scaffolds and working platforms gangways and stairways and shall comply with the following regulations in connection therewith -

- (a) Suitable steel scaffolds shall be provided for workmen for all works that cannot be safely done from a ladder or by other means. When ladder is used an extra mazzdoor shall be engaged for holding the ladder and if the ladder is used for carrying materials as well. Suitable footholds and handholds shall be provided on the ladder and the ladder shall be given an inclination not steeper than 1/2 to 1 (1/2 horizontal and 1 vertical).
- (b) A scaffolding shall not be constructed, taken down or substantially altered except –
 - (i) Under the supervision of a competent and responsible person;
 - (ii) As far as possible by the competent workers possessing adequate experience in this kind of work.
- (c) All scaffolds and appliances connected therewith and ladders shall –
 - (i) Be of steel.
 - (ii) Be of adequate strength having regard to the load and strains to which they will be subjected, and
 - (iii) Be maintained in proper condition.
- (d) Scaffolds shall be so constructed that no part thereof can be displaced in consequence of normal use.
- (e) Scaffolds shall not be over-loaded and so far as practicable the load shall be evenly distributed.
- (f) Before installing lifting gear on scaffolds special precautions shall be taken to ensure the strength and stability of the scaffolds.
- (g) A competent person shall periodically inspect scaffolds.
- (h) Before allowing a scaffold to be used by his workmen the contractor shall, whether the scaffold has been erected by his workmen or not, take steps to ensure that it complies fully with the regulations herein specified.
- (i) Working platform, gangway, stairways shall –
 - (i) Be so constructed that no part thereof can sag unduly or unequally.
 - (ii) Be so constructed and maintained, having regard to the prevailing conditions as to reduce, as far as practicable risks of persons tripping or slipping, and
 - (iii) Be kept free from any unnecessary obstruction.

- (j) In the case of working platform, gangways, working places and stairways at a height exceeding 5 meters.
 - (i) Every working platform and every gangway shall be closely boarded unless otherwise adequate measures are taken to ensure safety.
 - (ii) Every working platform and gangway shall have adequate width and
 - (iii) Every working platform, gangway working place and stairway shall be suitably fenced.
- (k) Every opening in the floor of a building or in a working platform shall, except for the time and to the extent required to allow the excess of persons or the transport of shifting of material be provided with suitable fencing or railing whose minimum height shall be one meter means to prevent the fall of persons or materials.
- (l) When persons are employed on a roof where is a danger of falling from a height exceeding 3 meters suitable precautions shall be taken to prevent the fall of persons or material (to be prescribed).
- (m) Suitable precautions shall be taken to prevent person being struck by articles, which might fall from scaffolds or other working places.
- (n) Safe means of access shall be provided to all working places.
- (o) The contractor(s) will have to make payments to the labourers as per Minimum Wages Act.

CLAUSE 21 B :

The contractor shall comply with the following regulations as regards the Hoisting Appliances to be used by him :-

- (a) Hoisting machines and tackle including their attachments, anchorages and supports shall :-
 - (i) Be of good mechanical construction, sound material and adequate strength and free from patent defect; and
 - (ii) Be kept in good repair and in good working order.
- (b) Every rope used in hoisting or lowering materials or as a means of suspension shall be of suitable quality and adequate strength and free from patent defect.
- (c) Hoisting machines and tackle shall be examined and adequately tested after erection on the site and before use and be re-examined in position at intervals to be prescribed by the Registrar.
- (d) Every chain, ring, hook, shackle, swivel and pulley block used in hoisting or lowering materials or as a means of suspension shall be periodically examined.
- (e) Every crane driver or hoisting appliance operator shall be properly qualified.
- (f) No person who is below the age of 21 (Twenty One) years shall be in control or any hoisting machine, including any scaffold which, or give signals to the operator.
- (g) In the case of every hoisting machine and of every chain, ring, hook, shackle, swivel and pulley block used in hoisting or lowering or as a means of suspension, the safe working load shall be ascertained by adequate means.

CONTRACTOR

REGISTRAR

- (h) Every hoisting machine and all gear referred to in preceding regulation shall be plainly marked with the safe working load.
- (i) In the case of a hoisting machine having a variable safe working load each safe working load and the conditions under which it is applicable shall be clearly indicated.
- (j) No part of any hoisting machine or of any gear referred to in regulation (g) above shall be loaded beyond the safe working load except for the purpose of testing.
- (k) Motors, gearing transmissions, electric wiring and other dangerous parts of hoisting appliance shall be provided with efficient safe guards.
- (l) Hoisting appliances shall be provided with such means as will reduce to a minimum the risk of the accidental descent of the load.
- (m) Adequate precaution shall be taken to reduce to a minimum the risk of any part of a suspended load becoming accidentally displaced.
- (n) When workers employed on electrical installations which are already authorized, insulating mats, wearing apparel, such as authorized, sleeves and hats as may be necessary should be provided. The workers should not wear rings, watches and carry keys or other materials which are good conductors or electricity.

CLAUSE 22 : MEASURES FOR PREVENTION OF FIRE

The contractor shall not set fire to any standing jungle, trees, brushwood or grass without a written permit from the Registrar. When such permit is given, and also in all cases when destroying cut or dug up trees, brushwood, grass etc. by fire, the contractor shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property. The contractor shall make his own arrangements for drinking water for the labour employed by him and provide sanitary and other arrangements.

CLAUSE 23 : LIABILITY OF CONTRACTOR FOR ANY DAMAGE DONE IN OR OUTSIDE WORK AREAS.

Compensation for all damages done intentionally or unintentionally by contractor's labour whether in or beyond the limits of the Owner's property including any damages caused by the spreading of fire mentioned in Clause 22 shall be estimated by the University Engineer / PMC / Architect or such other officer as may be appointed by the Registrar and the estimates prepared by University Engineer / or such officer subject to the decision of the Registrar on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand, failing which, the same will be recovered from the contractor as damages in the manner prescribed in Clause 1 or deducted by the University Engineer / PMC / the Architect from any sums that may be due or become due from Registrar to contractor under this contract of otherwise.

The contractor shall bear the expenses of defending any action or other legal proceedings that may be brought by any persons for injury sustained by him owing to neglect or precautions to prevent the spread of fire and he shall pay any damages and cost that may be awarded by the court in consequence.

CLAUSE 24 : EMPLOYMENT OF FEMALE LABOUR

The employment of female labours on works in neighbourhood of soldier's barracks should be avoided as far as possible.
The contractor shall employ the labourers registered with nearest employment exchange.

CLAUSE 25 : WORK ON SUNDAY

No work shall be done on Sunday without the sanction in writing of the University Engineer.

CLAUSE 26 : WORK NOT TO BE SUBLET, CONTRACT MAY BE RESCINDED AND SECURITY DEPOSIT FORFEITED FOR SUBLETTING IT WITHOUT APPROVAL OR FOR BRIBING A PUBLIC OFFICER OR IF CONTRACTOR BECOMES INSOLVENT

The contract shall not be assigned or sublet without the written approval of the University Engineer / PMC / the Architect. And if the contractor shall assign or sublet his contract, or attempt so to do, or become insolvent or commence any proceedings to get himself adjudicated and insolvent or make any composition with his creditors, or attempt so to do or if bribe, gratuity, gift, loan, perquisite, reward or advantage, pecuniary or otherwise, shall either directly or indirectly be given, promised, or offered by the contractor or any of his servants or agents to any public officer or person shall become in any way relating to his office or employment, or if any such offer or person shall become in any way directly or indirectly interested in the contract, the Registrar on recommendation of the University Engineer / PMC / the Architect may thereupon by notice in writing rescind the contract, and the security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of the Registrar, and the same consequences shall ensue as if the contract had been rescinded under Clause 3 hereof and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

CLAUSE 27 : SUM PAYABLE BY WAY OF COMPENSATION TO BE CONSIDERED AS REASONABLE COMPENSATION WITHOUT REFERENCE TO ACTUAL LOSS.

All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable compensation to be applied to the use of the Registrar without reference to the actual loss of damages sustained, and whether any damage has or has not been sustained.

CLAUSE 28 : CHANGES IN THE CONSTITUTION OF FIRM TO BE NOTIFIED.

In the case of tender by partners, any change in the constitution of a firm shall be forthwith notified by the contractor to the University Engineer / PMC / the Architect for their information.

CLAUSE 29 : WORKS TO BE UNDER DIRECTION OF THE UNIVERSITY ENGINEER / PMC / ARCHITECT

All works to be executed under the contract shall be executed under the direction and subject to the approval in all respects of the University Engineer / PMC / the Architect for the time being, who shall be entitled to direct at what point or points and in what manner they are to be commenced, and from time to time carried on.

CLAUSE 30 : DIRECTION AND CONTROL OF VICE – CHANCELLOR

Except where otherwise specified in the contract and subject to the powers delegated to Registrar by Vice-Chancellor of the University under the Common Account Code, rules then in force, the decision of the Vic-Chancellor for the time being shall be final, conclusive, and binding on all parties of the contract upon all questions relating to the meaning of the specifications, designs, drawings and instructions herein above mentioned and as to the quality of workmanship, or materials used on the work or relating to the contract, designs, drawings, specifications, estimates, instructions, orders, or these conditions or otherwise concerning the works, or the execution, or failure to execute in same, whether arising, during the progress of the work, or after the completion or abandonment thereof.

The contractor may within thirty days of receipt by him of any order passed by the Registrar as aforesaid, appeal against it, to the Vice-Chancellor concerned with the contract work or project provided that –

- a. The accepted value of the contract exceeds Rs. 10 Lacs (Rupees Ten Lacs only)
- b. Amount of claim is not less than Rs. 1 Lac (Rupees One Lac only)

If the contractor is not satisfied with the order passed by the Vice-Chancellor as Aforesaid, the contractor may, within 30 days of receipt by him of any such order, appeal against it to the **Building and Works Committee** of Punyashlok Ahilyadevi Holkar Solapur University, Solapur, who if convinced that prima facie the contractor's claim rejected by Registrar is not frivolous and that there is some substance in the claim of the contractor as would merit a detailed examination and the decision of the Building and Works Committee shall put up to the Management Council of Punyashlok Ahilyadevi Holkar Solapur University for final decision. The decision shall be final and without appeal and binding to the contractor.

**CLAUSE 31 : STORES OF FOREIGN MANUFACTURE IF ANY
REQUIRED – TO BE OBTAINED FROM OWNER.**

The contractor shall obtain from The Owner's store all stores and articles of foreign manufacture which may be required for the work, or any part thereof or in making up any articles required thereof or in connection therewith, unless he has obtained permission in writing from the Owner to obtain such stores and articles elsewhere. The value of such stores and articles as may be supplied to the Contractor by the owner will be debited to the contractor in his account at "cost" price which for the purpose of this contract shall include the cost of carriage and all other expenses whatsoever, which shall have been incurred in obtaining delivery of the same at stores aforesaid.

CLAUSE 32 : LUMP SUMS IN ESTIMATES

When the estimate on which a tender is made includes lump sums in respect of parts of the work, the contractor shall be entitled to payment in respect of the items of work involved or the part of the work in question at the same rates as payable under this contract for each item, or if the parts of the work in question is not in the opinion of the University Engineer / PMC / the Architect capable of measurement, the University Engineer / PMC / the Architect may at his discretion pay the lump sum amount entered in the estimate, and the certificate in writing of the University Engineer / PMC / the Architect shall be final and conclusive against the contractor with regard to any sum or sums payable to him under the provisions of this clause.

CLAUSE 33 : ACTION WHERE NO SPECIFICATIONS

In the case of any class of work for which there is no such specification as is mentioned in Rule 1 of form B-1, such work shall be carried out in accordance with the P.W. Deptt. Specifications and in the event of there being no P.W. Deptt. specification, then in such case the work shall be carried out in all respects in accordance with all instructions and requirements of the University Engineer / PMC / the Architect duly approved by the competent Authority of the University.

CLAUSE 34 : DEFINITION OF WORK

The expression " Works " or "work" where used in these condition, shall unless there be something in the subject or context repugnant to such construction, be construed to mean the work or works contracted to be executed under or in virtue of the contract, where temporary or permanent and whether original, altered, substituted or additional.

**CLAUSE 35 : CONTRACTOR'S PERCENTAGE WHETHER
APPLIED TO NET OR GROSS AMOUNT OF
BILL**

The percentage referred to in the tender shall be deducted from / added to the gross amount of the bill before deducting the value of any stock issued.

REGISTRAR

CLAUSE 36 :

All quarry fees, royalties, octroi, GST, dues, and ground rent for stacking materials if any, shall be paid by the contractor and the contractor shall submit all the receipts of these payments alongwith the R. A. bills.

**CLAUSE 37 : COMPENSATION UNDER WORKMEN'S
COMPENSATION ACT.**

The contractor shall be responsible for and shall pay any compensation to his workmen payable under the Workmen's Compensation Act, 1923 (VIII of 1923), (hereinafter called the said Act) for injuries caused to the workmen. If such compensation is payable and paid by the Owner as principal under sub-section (1) of section 12 of the said Act on behalf of the contractor, it shall be recoverable by Registrar from the contractor under sub-section (2) of the said section. Such compensation shall be recovered in the manner laid down in Clause 1 above.

CLAUSE 37 A :

The contractor shall be responsible for and shall pay the expenses or providing medical aid to any workman who may suffer a bodily injury as a result of an accident. If such expenses are incurred by Registrar the same shall be recoverable from the contractor forthwith and be deducted without prejudice to any other remedy of Registrar from any amount due or that may become due to the contractor.

CLAUSE 37 B :

The contractor shall provide all necessary personal safety equipments and first aid apparatus available for the use of the persons employed on the site and shall maintain the same in condition suitable for immediate use at any time and shall comply with the following regulations in connection therewith.

- (a) The workers shall be required to use the equipment so provided by the contractor and the contractor shall take adequate steps to ensure proper use of the equipment by those concerned.
- (b) When work is carried on in proximity to any place where there is a risk of drowning all necessary equipment shall be provided and kept ready for use and all necessary steps shall be taken for the prompt rescue of any person in danger.
- (c) Adequate provision shall be made for prompt first-aid treatment of all injuries likely to be sustained during course of the work.

CLAUSE 37 C : (Govt. Circular No. PWD.HO.CAT – 6076/3336/(400)/Bldg – 2 dated 16-8-1995).

The contractor shall duly comply with the provisions of the “ The Apprentice Act 1961 “ (**III of 1961**) the rules made there under and the orders that may be issued from time to time under the said Act and the said Rules and on his failure or neglect to do so he shall be subject to all the liabilities and penalties provided by the said Act and said Rules”.

**CLAUSE 38 : CLAIMS FOR QUANTITIES ENTERED IN
THE TENDER OR ESTIMATE**

- 38 (1) Quantities shown in the tender are approximate and no revision in the tender rates shall be permitted in respect of any of the item so long as, subject of any special provision contained in the specification prescribing a different percentage permissible variation in the quantity of the items does not exceed the tender quantity by more than 25% and so long as the value of the excess quantity beyond this limit at the rate of the items specified in the tender is not more than Rs. 5000/-

38 (2) “The contractor shall, if ordered in writing by the University Engineer / PMC / the Architect or by the Registrar to do so, also carry out any quantities in excess of the limit mentioned in Sub-Clause (1) hereof on the same conditions as and in accordance with the specifications in the tender and at the rates (I) derived from the rates entered in the current SSR – State schedule of rates and in the absence of such rates, (ii) at the rate prevailing in the market, the said rates increased or decreased as the case may be by the percentage which the total tendered amount bears to the estimated cost of the work as put to tender based upon the current state schedule of rates (for the year at the time of authorize of Agency).

38 (3) Claim arising out of reduction in the tendered quantity of any item beyond 25 percent will be governed by the provision of clause 15 only when the amount of such reduction is beyond 25 percent at the rate of the item specified in the tender is more than Rs. 5000/- .

38 (4) This clause is not applicable to extra item.

38 (5) There is no change in the rate if the excess is less than or equal to 25 per cent of the tendered quantity but the value of the excess work at the tender rates does not exceed Rs. 5000/-

38 (6) a. The quantity to be paid at tendered rate shall include

- (i) Tendered quantity plus
- (ii) 25% excess of tendered quantity or the excess quantity of the value of Rs. 5000/- at the tendered rates whichever is more.

b. The Contractor shall be entitled to revision in rates entered in then current state schedule of rates only when all the following conditions are satisfied.

- (i) The total executed quantity of an Item increases by more than 25% as compared to the tendered quantity.
- (ii) The total value of the Section under which the particular item that meets the above requirements, also exceeds by more than 25% compared to the Tendered value of that Section.

38 (7) Limit for variation as stipulated in sub-clause 38 (1), 38 (2), 38 (3), 38 (4) above does not apply to the items relating to foundations. For the purpose of operation of the above clause, the following work shall be treated as work relating to foundations which the contractor is bound to carry out at the tendered item rates for any additional quantities over and above stipulated in the Bills of Quantities without any limit whatsoever :

- a. For executing all items of Civil works including plain and reinforced cement concrete works, base concrete, etc. upto various road levels, footpaths levels, upto top of SWD drain, parking etc.
- b. For removing black cotton soil, cutting, filling, upto level of bituminous concrete road
- c. For retaining walls, toe wall upto various proposed finished ground level.
- d. For roads all items of excavations and filling including treatment of sub-base and soiling work.
- e. For water supply lines, sewer lines, underground storm water drains and similar works, all items of work below the ground level.
- f. For storm water drains and similar works, all items of work below the ground level.

Variation in quantities in the items relating to foundations as stated at 38.7(a) to (f) above shall be without any limit.

REGISTRAR

CLAUSE 39 : EMPLOYMENT OF FAMINE LABOUR ETC.

The contractor shall employ any famine, convict or other labour of a particular kind or class ordered in writing to do so by the University Engineer / PMC / the Architect.

**CLAUSE 40 : CLAIM FOR COMPENSATION FOR DELAY
IN STARTING THE WORK**

No compensation shall be allowed for any delay caused in the starting of the work on account of acquisition of land or, in the case of clearance works, on account of any delay in according sanction to estimates.

**CLAUSE 41 : CLAIM FOR COMPENSATION FOR DELAY
IN EXECUTION OF WORK**

No compensation shall be allowed for any delay in the execution of the work on account of water, standing in borrow pits or compartments. The rates are inclusive for hard or cracked soil, excavation in mud, sub-soil, water standing in borrow pits and no claim for an extra rate shall be entertained unless otherwise expressly specified.

CLAUSE 42 : ENTERING UPON OR COMMENCING ANY PORTION OF WORK

The contractor shall not enter upon or commence any portion of work except with the written authority and instructions of the University Engineer / PMC / Architect or of their subordinate in charge of the work. Failing such authority the contractor shall have no claim to ask for measurement of or payment for work.

**CLAUSE 43 : MINIMUM AGE OF PERSONS EMPLOYED, THE EMPLOYMENT
OF DONKEYS AND / OR OTHER ANIMALS AND THE
PAYMENT OF FAIR WAGES**

- 1) No contractor shall employ any person who is under the age of 18 years.
- (ii) No contractor shall employ donkeys or other animals with breeching of string or thin ropes. The breeching must be at least three inches wide and should be of tape (Nawar).
- (iii) No animal suffering from sores, lameness or emaciation or which is immature shall be employed on the work.
- (iv) The University Engineer / PMC / the Architect or their representative is authorized to remove from the work, any person or animal found working which does not satisfy these conditions and no responsibility shall be accepted by Registrar for any delay caused in the completion of the work by such removal.
- (v) The contractor shall pay fair and responsible wages to the workmen employed by him, in the contract undertaken by him. In the event of any dispute arising between the contractor and his workmen on the grounds that the wages paid are not fair and reasonable, the dispute shall be referred without delay to the University Engineer / PMC / the Architect who shall decide the same. The decision of the University Engineer / PMC / the Architect shall be conclusive and binding on the contractor but such decision shall not in any way affect the conditions in the contract regarding the payment to be made by Registrar at the sanctioned tender rates.
- (vi) Contractor shall provide drinking water facilities to the workers. Similar amenities shall be provided to the workers engaged on large work in urban areas.

- (vii) Contractor to take precaution against accidents which takes place on account of labour using loose garments while working near machinery.

All facilities provided in the contract labour should be provided (Regulation & Abolition Act 1971). The Maharashtra Contract Labour regulation & abolition rule 1971 should be provided.

CLAUSE 44 : METHOD OF PAYMENT

Payment to contractors shall be made by cheque drawn on any bank, provided the amount exceeds Rs. 100/-. Amounts not exceeding Rs. 100/- will be paid in cash.

**CLAUSE 45 : ACCEPTANCE OF CONDITIONS COMPULSORY
BEFORE TENDERING FOR WORK**

Any contractor who does not accept these conditions shall not be allowed to tender for works.

CLAUSE 46 : EMPLOYMENT OF SCARCITY LABOUR

If Government declares a state of scarcity or famine to exist in any village situated within 10 miles of the work, the contractor shall employ upon such parts of the work, as are suitable for unskilled labour, any person certified to him by the University Engineer / PMC / the Architect, or be any person to whom the University Engineer / PMC / the Architect may have delegated this duty in writing, to be in need of relief and shall be bound to pay to such person wages not below the minimum which Government may have fixed in this behalf. Any dispute which may arise in connection with the implementation of this clause shall be decided by the University Engineer / PMC / the Architect whose decision shall be final and binding on the Contractor.

CLAUSE 47 : Maharashtra act XIX of 1985, clause regarding turn over tax void P.W.D.Circular No. CAT -1086 / cr / 330 –Bldg-2 Dt. 10 Jun, 1987.

The price quoted by the contractor shall not in any case exceed the control price, if any, fixed by Government or reasonable price which it is permissible for him to charge a private purchaser for the same class and description, the controlled price or the price permissible under Hoarding and Profiteering prevention Ordinance, 1948 as amended from time to time.

If the price quoted exceeds the controlled price or the price permissible under Hoarding and profiteering Prevention Ordinance, the contractor will specifically mention this fact in his tender alongwith the reasons for quoting such higher prices. The purchaser at his discretion will in such case exercise the right of revising the price at any stage so as to conform the controlled price on the permissible under the Hoarding and Profiteering Prevention Ordinance. This discretion will be exercised without prejudice to any other action that may be taken against the contractor.

CLAUSE 48 :

The tender rates to be quoted by the contractor shall be exclusive of GST, but inclusive of all taxes- Sales Tax, Swacch Bharat tax and inclusive of all other taxes legally payable charges and taxes, water charges, electricity charges, all incidental expenses, labour welfare tax and all liable tax in respect of sale by transfer of property in good involved in the execution of a work contract under the provision of rule 58 of Maharashtra Value aided tax act, 2005 for the purpose of levy of tax and all charges, expenses and any tax /taxes under Work Contract Act 1985 etc. No payment on such account will be made to the contractor.

7.3. **THE REGISTRAR, CONTRACTOR AND UNIVERSITY ENGINEER:** - The Registrar, the Contractor and the University Engineer are those mentioned as such in the Agreement and shall include their legal representative/s assignee/s or successor/s. They are treated throughout the contract documents as if each were the singular number and masculine gender.

7.4. SCOPE AND INTENT :-

7.4.1. **Scope :** The general character and the scope of the work is illustrated and defined by the Specifications and the Bills of Quantities herewith attached and by the signed Drawings. If the Contractor shall find any discrepancy in or divergence between the Contract Drawings and or the Contract Bills he shall immediately inform the University Engineer / PMC / Architect specifying the discrepancy or divergence and the University Engineer / PMC / Architect shall issue instruction in regard thereto.

7.4.2. **Extent: -** The Contractor shall carry out and complete the work in every respect in accordance with this Contract and with the directions of and to the reasonable satisfaction of the University Engineer / PMC / Architect. The University Engineer / PMC / Architect may in his absolute discretion and from time to time issue further drawings, details and / or written instructions, written directions and written explanations all of which are collectively referred to as the University Engineer / PMC / Architect. All such drawings and instructions shall be consistent with Contract Document, true developments thereof and reasonably inferable there from. In addition, the University Engineer / PMC / Architect any also issue time-to-time instructions / clarification / directions / explanations to the contractor consistent with the contract document with intimation to the University Engineer / PMC / Architect.

7.4.3. **Intent: -** The Contract Documents are complementary, and what is called for by any one shall be as binding as if called for by all. The intention of the Document is to include all labour and materials, equipment and transportation necessary for the proper execution of the work. All such drawings and instructions shall be consistent with the Contract Document, true developments thereof and reasonably inferable there from. Materials of work described in words, which so applied, have a well-known technical or trade meaning shall be held to refer to such recognized standard.

7.5. **Architects' Instructions:** - The Architects may from time to time issue further supplementary drawings and / or written instruction, details and directions and explanations which are collectively referred to as the Architects Instructions. The Contractor shall forthwith comply with the duly execute works comprised in such the Architects instructions provided always that verbal instruction, directions and explanations given to the Contractor, or his work's representative by the Architects shall if involving a variation, be confirmed in writing.

7.6. If within seven days after receipt of a written notice from the University Engineer / PMC / Architect, requiring compliance with an instruction the Contractor does not comply herewith, then the Registrar may employ and pay other persons to execute any work whatsoever which may be necessary to give effect to such instructions and all cost incurred with such employment shall be recoverable from the contractor by the Registrar as a debt or cost may be deducted by him from any monies due to become due to the Contractor under this Contract.

7.7 The contractor shall provide the University Engineer / PMC / Architect and their representative every facility and assistance for inspecting the work and materials and for checking and measuring work, time and materials.

7.8 The representative of the University Engineer / PMC / Architect shall have power to give notice to the contractor or to his representative of non-approval of any work or materials and such work shall be suspended or the use of such materials shall be discontinued until the decision of the University Engineer / PMC / Architect or the Architects is obtained. The works will from time to time be examined by the University Engineer and the Architects, but such examination shall not in any way exonerate the contractor from the obligation to remedy any defects which may be found to exist at any stage of the works or after the same is completed. Subject to the limitation of this clause the contractor shall take instructions only from the University Engineer / PMC / Architect.

7.9 **ARCHITECTS STATUS AND DECISION:** - The Architects shall be the Registrar's representative during the construction period. The Architects shall periodically visit the site and shall have only the general supervision and direction of work and familiarize himself generally with the progress and quality of the work and to determine in general if the work is proceeding in accordance with the Contract Document. He has authority to stop the work whenever such stoppage may be necessary to ensure the proper execution of the work.

- 7.9.1. The Architects shall be in the first instance the interpreter of the conditions of this contract and the judge of its performance. In case of any disputes arising due to the interpretation of any technical terms and conditions of the contract executed between Registrar and the Contractor, Specifications and drawings, quality and finish of work acceptance of work and all matters related to this contract document. The Architects decision shall be final who shall give their decision in reasonable time.
- 7.9.2. The Architects may in his absolute desecration and from time to time issue further drawings. Details and /or written instruction, written directions and written explanations and instruction in site instruction book.
- 7.9.3. For other disputes of non-technical nature on the administrative, legal and financial aspects of the contract, the University Engineer shall advise the **Registrar** to arrive at reasonable settlement keeping in view contract condition. Decision of the **Registrar** shall be final and binding on to this contract.
- 7.9.4. The instruction book will be maintained on site which will be in the custody of the representative of the University Engineer / PMC / Architect in which the site instruction / orders will be written and issued to the contractor. The contractor has to accept the instructions. However if he has some observation on the instruction he can write letter to the University Engineer / PMC / Architect within three days.
- 7.9.5. Access for the PMC / University Engineer / the Architects to the Works : The University Engineer / PMC / Architect and their representative shall at all reasonable times have access to the Works and to the Workshops or other places of the Contractor where work is being prepared for the contract and when work is to be so prepared in workshops or other places of sub-contractor, the contractor shall by a term in the sub-contract so far as possible secure a similar right of access to those workshops or places for the University Engineer / PMC / Architect and their representatives and shall do all things reasonably to make such right effective.

7.10. PMC'S STATUS AND DECISION

- 7.10.1. The PMC shall be the Owner's extended arm and representative during the construction period. He shall provide full time supervision at site, monitor the works quality / progress, co-ordinate the work of different agencies give directions to the contractor, measure and certify the work. In case of any dispute arising due to interpretation of conditions of contract, technical matters, specifications and drawing, the PMC shall consult the Architect before giving the decision. The decision of University Engineer / PMC / Architect on quality finish of work acceptance of work shall be final binding on the contractor. The site instruction book will be maintained onsite which will be in the custody of representative of PMC, in which the site instructions / orders will be written and issued to the contractor. The contractor can not refuse the site instruction and the contractor has to accept the site instruction.
- 7.10.2. For other disputes of non-technical nature on the administrative, legal and financial aspects of the contract, the PMC shall advise the Registrar to arrive at a reasonable settlement with following Contract Conditions.
- 7.10.3. The University Engineer / PMC / Architect and their representative shall have access to the works at any time. PMC shall study all other drawings well in advance before execution of work and if any discrepancy observed shall bring to the notice of Architect. PMC shall ensure that the construction is done as per the latest Architectural and structural design drawings issued time to time.

7.11. ASSIGNMENT: - The contractor shall not directly or indirectly assign the contract or any part thereof or any benefit or interest herein or thereunder (otherwise than a favour of the contractor's Bankers of any monies due or to become due under the contract) without the prior written consent of the University Engineer .

7.12. SUB-LETTING :- The contractor shall not sub-let the whole or any part of the works without the prior written consent of the University Engineer / PMC / Architect and such consent of the University Engineer / PMC / Architect and such consent, if given, shall not relieve the contractor from any liability or obligation under the contract and he shall be responsible for the acts, defaults and neglects of any sub-contractor, his agents, servants of workmen as if they were the acts, defaults or neglects of the contractor, his agents, servants or workmen provided always that the provision of labour on a piecework basis shall not be deemed to be a sub-letting under this clause.

7.13. Sub-Contractors: - No work of the contract shall be all putted or awarded by the contractor without the sanction of the Registrar. As soon as practicable and before awarding any sub-contract, the Contractor shall obtain approved of the Registrar in writing the names of the Sub-Contractor proposed for the principal parts of the work and for such other parts as the University Engineer / PMC / Architect may direct, and shall not employ any to whom the **Registrar** may have as reasonable objection. The Registrar however, shall have power to obtain estimate and select other agencies to carry out any of the works for which contractor is in default.

7.14. Nominated Sub-Contractor: - As soon as practicable and before awarding work to the nominated sub-contractor, the contractor shall notify the Registrar writing the names of the nominated sub- contractor proposed for such parts of the work as the Registrar in consultation with the University Engineer / PMC / Architect may direct for his approval.

- 7.14.1** The nominated Sub-Contractor shall carry out and complete the sub-contract work in every respect to the satisfaction of the Contractor and the University Engineer / PMC / Architect and in conformity with all the reasonable direction and requirements of the contractor.
- 7.14.2. The nominated Sub-Contractor shall observe, perform and comply with all the provisions of this or Contract on the part of the Contractor to be observed, performed and complied with so far as they relate and apply to the Sub-Contract works or to any portion of the same.
- 7.14.3. The nominated Sub-Contractor shall indemnify the Contractor against the same liabilities in respect of the Sub-Contract work as those for which the Contractor is liable to indemnify the Registrar under this Contract.
- 7.14.4. The nominated Sub-Contractor shall indemnify the Contractor against claims in respect of any negligence, omission or default of such Sub-Contractor, his servants or agents or any misuse by him or them of any scaffolding or other plant, and shall insure himself against any such claims and produce the policy, or policies and premium and premium receipts as and when required by the Contractor or the University Engineer / PMC / Architect.
- 7.14.5. The payment in respect of any work, materials or goods comprised in the Sub Contract shall be made within fourteen days after receipt by the Contractor of the University Engineer / PMC / Architect Certificate under clause under separate contract (Condition No.) of these conditions which states as due an amount calculated by including the total value of such work, materials or goods, and shall when due be subject to the retention by the Contractor of the sums mentioned in sub- item.
- 7.14.6. The University Engineer / PMC / Architect and their representative shall have right of access to the workshops and other places of the nominated Sub-Contractor.
- 7.14.7. The Sub-Contract work shall be completed within the period or (where they are to be completed in sections) periods therein specified, that the Contractor shall not without the written consent of the University Engineer / PMC / Architect grant any extension of time for the completion of the Sub-Contract work or any section thereof, and that the Contractor shall inform the University Engineer of any representative made by the nominated Sub-Contractor as to the cause of any delay in the progress of completion of the Sub-Contract work or of any section thereof.
- 7.14.8. If the nominated Sub-Contractor shall fail to complete the Sub-Contract work or (where the Sub-Contract works are to be completed in sections) any section thereof within the period therein specified or within any extended time granted by the Contractor with the written consent of the University Engineer / PMC / Architect certifies in writing to the Contractor that the same ought reasonably so to have been completed the nominated Sub-Contractor shall pay or allow to the contractor either a sub calculated at the rate therein agreed as Liquidated and Ascertained Damages for the period during which the said work or any section thereof, as the case may be, shall so remain or have remained incomplete or (where no such rate is therein agreed) a sum equivalent to any loss or damage suffered or incurred by the Contractor and caused by the failure of the nominated Sub-Contractor as aforesaid.
- 7.14.9. The Contractor shall retain from the sum directed by the University Engineer / PMC / Architect having been included in the calculation of the amount stated as due in any payment certificate in respect of the total value of work, materials or goods executed or supplied by the nominated Sub- Contractor the percentage of such value retained up to a total amount not exceeding a sum which bears the same ratio to the Sub-Contract price as the unreduced sum named in the appendix to these conditions as limited or Retention Fund bears to the Contract sum; and that the Contractor's interest in any sums so retained (by whomsoever held) shall be fiduciary as trustee for the nominated Sub-Contractor (but without obligation to invest); and that the nominated Sub-Contractor's beneficial interest in such sums shall be subject only to the right of the Contractor, and that if and when such sums or any part thereof are released to the nominated Sub-Contractor they shall be paid in full if paid within 14 days of the date fixed for their release in the Sub-Contract.

CONTRACTOR

NO. OF CORRECTION

REGISTRAR

- 7.14.10. Before issuing any Payment Certificate, the University Engineer / PMC / Architect may request the Contractor to furnish to him reasonable proof that all amounts included in the calculation of the amount stated as due on previous certificates in respect of the total value of work materials or goods executed or supplied by any nominated Sub-Contractor have been duly discharged and if the Contractor fails to comply with any such request the University Engineer / PMC / Architect shall issue a certificate to that effect and thereupon the **Registrar** may himself pay such amounts to any nominated Sub-Contractor concerned and deduct the same from any sums due or to become due to the Contractor.
- 7.14.11. The Contractor shall not grant to any nominated Sub-Contractor any extension of the period within which the Sub-Contract work or (where the Sub-Contract works are to be completed in sections) any section thereof is to be completed without the written consent of the University Engineer / PMC / Architect of any representation made by the nominated Sub-Contractor as to the cause of any delay in the progress or completion of the Sub-Contract work or any section thereof and that the consent of the University Engineer / PMC / Architect shall not be unreasonably withheld.
- 7.14.12. If any nominated Sub-Contractor fails to complete the Sub-Contract work or (where the Sub-Contract works are to be completed in sections) any section thereof within the period specified in the Sub-Contract or within the extended time granted by the Contractor with the written consent of the University Engineer / PMC / Architect then if the same ought reasonably so to have been completed the University Engineer / PMC / Architect shall certify in writing accordingly. Any such certificates shall be issued to the Contractor and immediately upon issue the University Engineer shall send a duplicate copy thereof to the nominated Sub-Contractor.
- 7.14.13. If the University Engineer / PMC / Architect desires to secure final payment to any nominated Sub-Contractor before final payments is due to the Contractor, and if such Sub-Contractor has satisfactorily indemnified the Contractor against any latent defects then the University Engineer may in an interim Certificate include an amount to cover the said final payment and thereupon the Contractor shall pay such nominated Sub-Contractor the amount so certified. Upon such final payment the amount of retention fund shall be reduced by the sum which bears the same ratio to the said amount as does such Sub-Contractor's Sub-Contract price to the Contract Sum, and save for latent defects the Contractor shall be discharged from liability for the work materials or goods executed or supplied by such Sub-Contractor under the Sub-Contract to which the payment relates.
- 7.14.14. Neither the existence nor the exercise of the foregoing powers nor anything else contained in these conditions shall render the **Registrar** in any way liable to any nominated Sub-Contractor.
- 7.14.15. Where the Contractor in the ordinary course of his business directly carried out works for which Prime Cost or Provisional Sums are included in the Contract Bills and the University Engineer / PMC / Architect is prepared to receive tenders from the Contractors for such items, then the Contractor shall be permitted to tender for the same or any of them but without prejudice to the **Registrar's** right to reject the lowest or any tender. If the Contractor's tender is accepted he shall not sub-let the work without the consent in writing of the University Engineer / PMC / Architect.
- 7.14.16. The Contractor shall allow for general attendance upon Sub-Contractors including free use of plant scaffolding and is to allow them the use of sanitary convenience, storage facilities for storing materials, other amenities and affording them all reasonable facilities for carrying out their Contracts.
- 7.14.17. The liability for workmanship, guarantee, defects liability and completion of work in time shall rest with the contractor who shall be held fully responsible in respect of the work carried out through the Sub-Contractors as well as the Nominated Sub-Contractors.

7.15. PRIME COST

- 7.15.1. The following provisions of these conditions shall apply where Prime Cost sums are included in the Contract Bills or arises as a result of the University Engineer / PMC / Architect instructions given in regard to the expenditure of provisional sums in respect of any materials or goods to be fixed by the contractor.
- 7.15.2. Such sums shall be understood to mean the net cost to be defrayed as a Prime Cost after deducting any trade or other discount and shall include sales-tax (where applicable) and other taxes and duties and the cost of packing carriage and delivery. Provided that where in the opinion of the University Engineer / PMC / the Contractor has incurred expense for special packing or special carriage such special expense shall be allowed as per of the sums actually paid by the contractor.

- 7.15.3. Such sums shall be expended in favour of such persons as the University Engineer / PMC / Architect shall instruct, and all specialist, merchants, tradesman or others who are nominated by the University Engineer / PMC / Architect to supply materials or goods are hereby declared to be the suppliers to the Contractor and are referred to in these conditions as "Nominated Suppliers" provided that the University Engineer / PMC / Architect shall not (save where the University Engineer / PMC / Architect and Contractor shall otherwise agree) nominate as a supplier a person who will not enter into a Contract of sale which provides (inter alia).
- (a) That the materials or goods to be supplied shall be to the reasonable satisfaction of the University Engineer / PMC / Architect.
- (b) That the nominated supplier shall make good by replacement or otherwise any defects in the materials or goods supplied which appear within such period as is therein mentioned and shall bear any expenses reasonably incurred by the Contractor as a direct consequence of such defects, provided that where the materials or goods have been used or fixed such defects are not such that examination by the Contractor ought to have revealed them before using or fixing.
- (c) The delivery of the materials of goods supplied shall be commenced and completed at such times as the Contractor may reasonably direct.
- (d) All payments by the Contractor for materials or goods supplied by a Nominated Supplier shall be in full, and shall be paid within 30 days of end of the month during which delivery is made.

7.16. TIME OF COMPLETION: - All time limits stated in the contract document shall be of the essence of the contract. The contractor obligates himself to complete the works including completion of different stages of work as stipulated in all respects within the time schedule stipulated in the Agreement subject to any adjustment granted by the University Engineer / PMC / Architects in writing under the conditions of contract. He shall submit to the University Engineer / PMC / Architects periodic progress reports on the first and fifteenth of each and every month.

7.17. CONTRACTOR'S RESPONSIBILITY REGARDING DAMAGE TO PROPERTY AND INJURY TO PERSONS

7.17.1. The **Registrar** shall not be liable or responsible for any accident, loss, death, injury or damage of any kind whatsoever happening in the course of the performance of the works herein referred to and in connection therewith to persons and / or property, materials and equipment and the Contractor shall fully indemnify and protect the **Registrar** from and against the same. In addition to the liability imposed by law upon the Contractor for injury (including death) to persons or damage to property by reason of the negligence of the Contractor or his agents, which liability is not impaired or otherwise affected hereby, the Contractor hereby assumes liability for and agrees to save the **Registrar** harmless and indemnify him from every expense, liability or payment by reason of any injury (including death) to person or damage to property, neighbor's property suffered by any act or omission of the Contractor or any of his Sub-Contractors, or any person directly or indirectly employed by any of them or from the control of the Contractor of any part of the premises which is in the control of the Contractor or any of his Sub-Contractors, or any one directly or indirectly employed by either of them, or arising in any way from the works under this contract.

Further, the contractor hereby agrees and undertakes to indemnify the **Registrar** from any loss or damage or death arising out of the University Engineer / PMC / Architects instruction, without limiting this obligations and responsibilities under this condition, the Contractor shall ensure and obtain at his cost insurance / insurance's against all the foregoing risks or eventualities. The insurance or insurances shall be obtained in favour of the Registrar, PUNYASHLOK AHILYADEVI HOLKAR SOLAPUR UNIVERSITY AS 'INSURED' and policy / policies shall be deposited with the Registrar.

- 7.17.1. The Contractor shall submit original certificates of Insurance so obtained by him in proof of compliance with the above condition, to the Registrar with C.C. to the University Engineer / PMC / Architects and the Contractor shall not proceed with the work until he has received in writing from the University Engineer / PMC / Architect approval of the Certificates of insurance required by the proceeding paragraph. The contractor will not get any payment before submission of prescribed insurance policy in original.
- 7.17.2. The Contractor shall ensure that his Sub-Contractors shall obtain insurances in the same manner and to the same extent, as he is liable to do under this condition and shall produce to the University Engineer / PMC / Architect Certificates Insurance, so obtained by his Sub-Contractors. The Contractor shall indemnify and keep indemnified the **Registrar** for any claims or demands that may be made against the **Registrar** for loss or damage arising from the performance of contracts by the Sub-Contractors.
- These insurances Certificates shall be fully executed and shall state that the policies cannot be cancelled until ten (10) days after written notification of such intent of cancellation has been given to the **Registrar**. All policies shall be with insurance companies acceptable to the **Registrar**.

- 7.17.3. The contractor shall owe absolute and unqualified liability for anything done or omitted to be done by him and impairing the validity or value of the insurance policy obtained by him. He shall also indemnify the **Registrar** in respect of any costs, charges or expenses arising out of any claims arising there from. The **Registrar** shall be at liberty to and is hereby empowered to deduct cost, charges and expenses arising or accruing from or in respect of any such claim or damage from any sum or sums due to or become due to the Contractor.
- 7.17.4. The Contractor shall continuously maintain adequate protection of all his work, materials, and equipment from damage, destruction or loss and shall protect the works from weather conditions which, in the University Engineer / PMC / Architects, Punyashlok Ahilyadevi Holkar Solapur University, Solapur opinion will be detrimental to the works. In default, the Contractor shall make good at his cost, any such damage, destruction, loss or injury.
- 7.17.5. When so ordered by the University Engineer / PMC / Architects, the Contractor shall suspend any work that may be subjected to damage by climatic conditions.

7.18. LABOUR REGULATIONS

- 7.18.1. The Contractor shall be wholly and solely responsible for full compliance with the provision under all labour laws and / or regulations such as payments of Wages Act, 1936; Minimum Wages Act, 1948; Employees Liability Act, 1938, Workmen Compensation Act, 1923, Industrial Dispute Act, 1947 and the Maternity Benefit Act, 1961 and any modifications thereof or any law relating thereto and rules made there under from time to time and all laws and regulation now in existence and to be imposed later.
- 7.18.2. The Contractor shall his own expense comply with or cause to be complied with Model Rules for labour welfare framed by Government or other local bodies from time to time for the protection of health and for making sanitary arrangements for workers hutments area. In case the Contractor fails to make arrangements as aforesaid, the **Registrar** shall be entitled to do so and recover the cost thereof from the Contractor.
- 7.18.3. If female labour is employed, the Contractor shall make necessary provision at his own expense, for safeguarding and care of small children and keeping them clear of the site of operations. No labour shall reside within the site except authorized guards.
- 7.18.4. In case the Contractor fails to make arrangements and provide necessary facilities as aforesaid, the **Registrar** shall be entitled to do so and recover the cost thereof from the Contractor.

- 7.19 **Co-Ordination by the Contractor:-** Co-ordination of work and at the commencement of work, and from time to time, the Contractor shall confirm with other contractors Sub-Contractors, persons engaged on separate contracts in connection with the work, and with the University Engineer / PMC / Architect for the purpose of the co- ordination and execution of the various phases of work. The Contractor shall ascertain from the other contractors, Sub-Contractors and persons engaged on separate contracts, in connection with the works, the extent of all chasing, cutting and forming of all opening, holes, grooves etc. as may be required to accommodate the various services. The Contractor shall ascertain the routes of all services.
- 7.20 **Co-Ordination of Drawings / work:** - This road works is to be done in co-ordinating with landscape contractor, civil, electrical, fire fighting contractors and all agencies working at site.
- 7.21. Entering upon or commencing any portion of work:** - The contractor shall enter upon or commence any portion of work with prior concurrence in writing of the University Engineer / PMC / Architect of his sub-ordinate- in- charge of work. Failing such and authority, the contractor shall have no claim to ask for measurements of or payment for work done.
- 7.22. Co-ordination with other agencies work:** - It should be carefully noted that numerous agencies will be working in this project simultaneously and the contractor shall have to work at every stage in close co-ordination with each of these agencies. He shall have to programme his work accordingly in consultation with other agencies and par sequential requirements as may be decided upon by the University Engineer / PMC / Architect. Simultaneous execution of other components of the work by other agencies may necessitate execution of the work in a particular sequence and this will not be accepted as a ground for delay or excuse of any nature whatsoever and nothing extra will be paid for compliance in accordance with the requirements of this clause.
- 7.23. DEDUCTION FOR RECORRECTED WORK;**- If the University Engineer / PMC / Architect deems it inexpedient to correct work damaged or not done in accordance with the contract, an equitable deduction from the contract price shall be made therefore and the University Engineer / PMC / decision in this respect shall be final.
- 7.24. CORRECTION OF WORK:** - The University Engineer / PMC / Architect shall conduct a final inspection just before the virtual completion of the work and prepare a list of materials, equipment and items of work which fail to conform to the Contract Specifications. The contractor shall promptly replace and re-execute such items in accordance with the contract and shall bear all expenses of making good all work and the cost of all work of other contractors destroyed or damaged by such replacement or removal. If the contractor fails to remove and replace above rejected materials, equipment and /or workmanship within a reasonable time, fixed by written notice, the **Registrar** may employ and pay other persons to amend and make good such defects at the expense of the contractor. All expenses incurred by the **Registrar** in rectifying the defects including all the damages, loss and expense consequent on the defects shall be recoverable from any amount due or may become due to the Contractor.
- 25.25. VIRTUAL COMPLETION AND DEFECT LIABILITY PERIOD**
- 25.25.1. The work shall be considered as virtually completed by the Contractor, as on fulfilling all the conditions as per clause 7 of section 6 and all other related conditions of the contract of this document. The Defect Liability Period of **Twenty Four months** provided herein shall be reckoned and be effective from the date of final bill duly accepted by the contractor and on obtaining all required undertaking, guarantees, NOCs / clearance of payment of all GST related taxes / charges and on rectifying all defects notified to the contractor from time to time only on complying above virtual completion certificate will be issued to the contractor.

- 25.25.2. The Contractor shall make good at his own cost and to the satisfaction of the University Engineer / PMC / Architects all defects shrinkages, settlement or other faults, arising in the opinion of the University Engineer from work or materials not being in accordance with the Drawings or specifications or Schedules of Quantities or the instructions of the University Engineer / PMC / Architect which may appear within one year after completion of work, excepting specialist items such as water proofing and anti-termite treatment etc. which call for longer guarantee periods.
- 25.25.3. Such defects, shrinkage, settlement and other faults shall, upon directions in writing of the University Engineer / PMC / Architect and within such reasonable time as shall be specified therein, be amended and made good by the Contractor, at his own cost, and in case of default the **Registrar** may employ and pay other persons to amend and make good such defects, shrinkages, settlements or other faults, and all damages, loss and expense consequent thereon or incidental thereto shall be made good and borne by the Contractor and such damage, loss or expenses shall be recoverable from him by the **Registrar** or may be deducted by the **Registrar** up to the University Engineer / PMC / Architects Certificate in writing from any amount due to the contractor, or the **Registrar** may in lieu of such amending and making good by the contractor, a sum to be determined by the University Engineer / PMC / Architects on recommendation from University Engineer / PMC / Architect equivalent to the cost of amending such work and in the event of the retention amount being insufficient to recover the balance from the Contractor as arrears of land revenue together with any expense the **Registrar** may have incurred therewith.
- 25.25.4. Maintenance during defects liability period: The Contractor shall provide and maintain adequate staff and labour at his own expense to attend to defects arising in the works during the defects liability period of **Twenty Four months** commencing from the date of Virtual Completion certified by the University Engineer or date of final bill whichever is later. He shall attend to the defects pointed out to him expeditiously.

7.26. GUARANTEE

- 7.26.1. Beside guarantees required elsewhere, the Contractor shall guarantee the work in general for **Twenty Four months** from the date of final bill as noted under above clause of Virtual Completion and Defects Liability Period.
- 7.26.2. The Contractor shall submit all required guarantees to the University Engineer / PMC / Architect when requesting certification of accounts for payment by the **Registrar**.
- 7.26.3** All required guarantee shall be submitted to the University Engineer / PMC / Architect in the forms acceptable as a prerequisite to acceptance and payment.

7.27. CONTRACT DRAWINGS, SPECIFICATION, SCHEDULE OF QUANTITIES

- 7.27.1. In general, the drawings shall indicate dimensions, positions and type of construction; the specifications shall indicate the quantities and the methods; and the Schedule of Quantities shall indicate the quantities and rate for each item of work. However, the above documents being complementary, what is called for by any one shall be as binding as if called for by all. In case of any discrepancies they shall be immediately brought to the notice of the University Engineer / PMC / Architect well in advance before execution.
- 7.27.2. Any work indicated on the Drawings and not mentioned in the Schedule of Quantities or Specifications or vice versa, shall be deemed as though fully set forth in each. work not specifically detailed, called for, marked or specified.
- 7.27.3. No deviation from the Drawings, Specifications and Schedule of Quantities shall be made. The Architect interpretation of these documents shall be final.
- 7.27.4. Errors or inconsistencies discovered in the Plans and Specifications shall be promptly called to the attention of the University Engineer / PMC / Architect for interpretation or correction of University Engineer / PMC / Architect. Local conditions which may affect the work shall likewise be brought to the Architect's attention at once. If, at any time, it is discovered that work is being done which is not in accordance with the approved plans and specifications, the contractor of defective work shall not be a basis for any claim for extension of time. The contractor shall not carry on with the work except with the knowledge of the University Engineer / PMC / Architect or his representative.

REGISTRAR

7.27.5. Figured dimensions on the scale drawings and large-scale details shall govern. Large-scale details shall take precedence over scale drawings. Any work done before receipt of such details if not in accordance with the same shall be removed and replaced or adjusted as directed without expense to the **Registrar**. All dimensions shall be checked at site prior to execution. Any discrepancy, if observed in drawings, the clarification should be obtained from the Architect before execution.

7.27.6. The dimensions where stated do not allow for waste, laps, joints etc. but the contractor shall provide at his own cost sufficient labour and materials to cover such waste, laps, joints etc.

7.28. METHOD OF MEASUREMENT: - Where work done is to be measured, the standard method of measurement in accordance with the standard laid down by the Indian Standard Institute and standardspecification of public works and housing department of Govt. of Maharashtra shall be adopted unlessotherwise specified. When several components of item work are specifically incorporated together in the wording of an item in the Bills of Quantities, such item will be measured as a composite item comprising of all the components will not quality for measurement individually, which the standard method of measurement would have otherwise required them to be measured separately. In the eventof any dispute with regard to the mode of measurement of the work executed the decision of the University Engineer / PMC / Architect shall be final and binding.

7.29. TOLERANCE: - The Contractor shall exercise every care to ensure that all Members are in plumb and true to dimensions called for on the drawings. The tolerance shall not be more than plus / minus 3 mm. Any variations beyond this will require rectification. Such rectification shall be carried out by the contractor as directed by the University Engineer / PMC / Architect at no extra cost to the **Registrar**. In case of Separate contracts, the contractor whose work does not confirm to dimensions called for, shall be liable for all the expenses which may have to be incurred for rectification or replacements as may be required by the University Engineer / PMC / Architect for the proper installation of the finishing elements. The Architects decision in this respect shall be final and binding on the Contractor.

7.30. INDIAN STANDARDS: - A reference made to any Indian Standard Specifications in these documents,shall imply reference to the latest revision of the standard, including such revisions / amendments as may be issued by the Indian Standards Institution during the contract and the corresponding clause/s therein shall hold valid in place of those referred to.

7.31. PROTECTION AND CLEANING

7.31.1. The Contractor shall protect and preserve the works from all damage for accident by providing temporary roofs, windows, and door covering, boxing or other contraction as required by the University Engineer / PMC / Architect. This protection shall be provided for all property adjacent to the site as well as on the site.

7.31.2. The Contractor shall properly clean the work as it progresses and shall remove all rubbish and debris from the site from time to time as is necessary and as directed. On completion, the contractor shall ensure that the premises and / or site are cleaned, surplus materials, debris, shades etc., removed areas under floors cleared or rubbish, gutters and drains cleared, doors and sashes eased, locks andfastenings oiled, keys clearly labeled and handed over to the University Engineer so that the whole is left fit for immediate occupation or use and to the satisfaction of the University Engineer / PMC / Architect.

7.32. SUSPENSION OF WORK :- The Contractor shall, on receipt of the order in writing of the University Engineer / PMC / Architect suspend the progress of the work or any part thereof for such time and in such manner as the University Engineer may consider necessary for any of the following reasons: -

7.32.1. On account of not accepting the site instruction and continued non-compliance of the instructions of the University Engineer / PMC / Architect or any other default on the part of the contractor, in such case the University Engineer shallhave powers to suspend the payment under the contract. Such suspension of payment may be continued until default shall have been rectified.

7.32.2. For proper execution of the works or part thereof for reasons other than the default of the contractor,or for safety of the works or part thereof.

7.33. ENTRY AT SITE:- It is hereby expressly declared that the entry of the Contractor(s) on the site will be merely as a licensee for carrying out the construction of works under this Agreement, and they shall not, by his/her being allowed such entry on the premises, acquire any right, lien or interest either in the works carried out by them under the Agreement or anything appurtenant or attached thereto and their claim will only be in the nature of money claim found due and payable to them in accordance with the certificates issued by the University Engineer / PMC / Architect under the provisions contained hereafter.

7.34. JURISDICTION: - All matters arising out of or in any way connected with this agreement shall be deemed to have arisen in MAHARASHTRA STATE and only the Courts in Solapur shall have jurisdiction to determine the same.

7.35. POWER OF THE REGISTRAR TO RECOVER ARREARS FROM THE CONTRACTOR :-

All amounts whatsoever which the contractor is liable to pay to the **Registrar** in connection with the execution of the work including the amount payable in respect of (i) materials and / or stores supplied / issued here under by the **Registrar** to the contractor (ii) hire charges in respect of heavy plant, machinery and equipment given or hire, by the **Registrar** to the contractor for execution by him of the work and / or on which advances have been given by the **Registrar** to the Contractor (iii) and any payment due from the contractor on any account to the **Registrar**, shall be deemed to be arrears of Land Revenue and the **Registrar** may without prejudice to any other rights and remedies of the **Registrar**, recover the same from the contractor as arrears or revenue.

7.36. PROCUREMENT OF STEEL AND CEMENT

- 7.36.1. The Contractor shall procure and arrange for all the tested quality cement and reinforcement / structural steel from time to time in adequate quantities as required for the progress of work of the approved make.
- 7.36.2. It will be the responsibility of the Contractor to maintain adequate stocks of cement and steel at site.
- 7.36.3. The Contractor shall plan and prepare schedule for bulk procurement of specified quality of cement and tested quality reinforcement steel / structural steel well ahead of the time of requirement on site and furnish schedules covering at least three month's requirements to the PMC / the Architect / the University Engineer from time to time till completion of work.
- 7.36.4. The quality of cement and reinforcement steel / structural steel shall be ISI quality and also confirming to the tender specifications and shall be only of make as prescribed in the tender document.
- 7.36.5. The Contractor shall obtain test certificates from the manufacturer and supplier for the quality of cement and reinforcement steel / structural steel from time to time with every consignment of supply of these materials and furnish them for record and approval of the PMC / the University Engineer and the Architects. The Contractor is also required to obtain at his own cost further test reports from approved laboratories and submit them to the PMC / the Architect / University Engineer for approval for every consignment. The contractor should use the cement and steel only on obtaining the satisfactory laboratory test report, hence the contractor should see he procures the materials in advance so as the work will not suffer.

The frequency of testing of materials shall be done as required by the Govt. regulations and also as and when directed by the PMC / University Engineer / Architect. The testing charges shall be reimbursed as per rates stipulated in Schedule ' B ' on satisfactory evidence of making payment and original test reports.

CONTRACTOR

REGISTRAR

7.37. Storage of Steel and Cement at site : Cement delivered in bags by the Contractor shall be stored off the ground in dry, well ventilated closed weather proof sheds. The storage of consignments as received from the manufacturer shall be arranged so that consumption of cement is ensured in the order of receipt i.e. " First-In, First-Out " rule. The stacks of cement shall be such that there is easy access for proper inspection and identification. The bags shall be piled not more than 10 bags high and placed close together in the pile to reduce circulation of air. The contractor has to provide at his own cost temporary storage godown at site so as to store cement bags at time, and maintain the shed in waterproof condition till completion as directed. Steel shall be stored in clean open areas on site and steel bars / bundles shall be stored on top of hardwood sleepers spaced at every 1.50 m. across the length such that the steel does not come in contact with earth / ground during the storage.

7.38. Records and Accounting of Steel and Cement :

- 7.38.1. After the completion of the day's work the theoretical quantity of cement to be used in the work shall be calculated on the basis of standard formula to be laid down by the Architects / PMC. Over this theoretical quantity of cement shall be allowed a variation upto 2% (two per cent) plus, minus for stock taking. For Plain Cement Concrete and Reinforced Cement Concrete work, cement to be used shall be not less than the minimum cement content specified in Kg. per Cubic Metre of concrete in respect of each grade of concrete, even if the required strength is obtainable with quantity of cement less than the minimum cement content specified for the corresponding grade of concrete. In the event of it being discovered that the quantity of cement used is less than the quantity, ascertained as hereinbefore provided (allowing variations on the as stipulated above) the cost of the quantity of cement not so used shall be recovered from the contractor on the basis of market rate plus cartage to site, without prejudice to the right of the Owner to reject the work not conforming to the specifications laid down.
- 7.38.2. The provisions of the foregoing sub-clause shall also apply in the case of steel reinforcement or structural steel sections except that the theoretical quantity of steel shall be taken as the quantity required as per design or as authorised by University Engineer / PMC including lappages plus 5% wastages due to cutting into pieces. The standard nominal weight of mild and medium tensile steel bars shall be as stated below diameter wise :

<u>Diameter</u>	<u>Weight in Kg. / M.</u>
6 mm. dia.	0.22
8 mm. dia.	0.39
10 mm. dia.	0.62
12 mm. dia.	0.89
14 mm. dia.	1.21
16 mm. dia.	1.58
18 mm. dia.	2.00
20 mm. dia.	2.47
22 mm. dia.	2.98
25 mm. dia.	3.85
28 mm. dia.	4.83
30 mm. dia.	5.55
32 mm. dia.	6.31

It is to be understood that the nominal diameters of the high yield strength deformed bars (ribbed steel bars / Tor steel) specified are the corresponding equivalent diameters of plain round mild steel bars and that the weight per meter length of deformed bars / Tor steel is same as that of MS bar of equivalent diameter. No claim will be entertained from the contractor for reimbursement of cost due to additional weight per meter length of deformed bars for reasons of physical weight being more than the standard weight for each category of diameter specified.

CONTRACTOR

Nos. of correction

OWNER

The tolerance on weight per meter length of plain round bars as well as deformed twisted grip bars shall be in accordance with relevant ISI specification. Tolerance on weight of deformed steel bars shall also be considered similarly as for plain round bars of corresponding diameters.

- 7.38.3 The contractor shall bear all incidental charges for handling, storage and safe custody of materials and for joint accounting of stock from time to time.
- 7.38.4 Cement bags shall be stored in separate godown as directed by the PMC / the Architect / University Engineer, with pucca floor and weather proof roofs and walls. Each godown shall be provided with a single door with two locks system. The keys of one lock shall remain with the authorised agent of the contractor at the site of work and the keys of the other lock shall remain with the PMC / the Architect / the University Engineer. The cement should be removed from the godown according to the daily requirement with the knowledge of both the parties, that is the contractor's agent and the representative of the PMC / the Architect / the University Engineer on site. Register showing receipts of cement bags from time to time, daily consumption of cement bags indicating the quantity, grade and R.C.C. members of concrete work and PCC work done, number of cement bags remaining in balance at site shall be maintained, updated from day to day and signed by both the parties mentioned above.
- 7.38.5 The Contractor will not be allowed to use the loose cement swept from godown floors and/or delivery trucks for any work. It can be allowed to use only for temporary nature of work only with specific permission of the PMC / the Architect / the University Engineer or can be allowed to remove the same away from site as directed as wastage at the cost of the Contractor.
- 7.38.6. If provision is made in the Schedule ' B ' or directed by PMC / University Engineer as extra / additional item, the bars and rods of reinforcement steel are required to be given anti- corrosive treatment CECRI approval or equivalent. The contractor shall procure the chemicals as per specifications in adequate quantities required for the same from surroundsource approved by the PMC / the Architect / the University Engineer from time to time.
- 7.38.7. The cost shall be quoted in figures and words. In case of any discrepancy between the quoted figure and that written in words, the lower of the two shall be taken as the applicable percentage.

7.39. SETTLEMENT OF DISPUTE

The reference is invited to clause 7.9 and clause 7.10 above regarding the Architects status and decision and PMC's status and Decision and that of University Engineer.

If the contractor is not satisfied with the decision given by the University Engineer / PMC / Architect as aforesaid for any disputes, claims and difference arising due to interpretation of any technical terms and conditions of contract executed between the Owner and the Contractor, specification, drawings, quality and finish of work and acceptable of work and all matter related to this contract document, then the contractor may, within thirty days of receipt by him of any such decision / order, appeal against it with full details and justification to the Vice-Chancellor, Punyashlok Ahilyadevi Holkar Solapur University, Solapur who if convinced that prima-fascia, the contractors claim, rejected by the University Engineer / PMC / Architect is not frivolous and that there is some substance in the claim of the contractor as would merit a detailed examination and place such claim to the Building and Works Committee for suitable decision.

The decision taken by the Building and Works Committee of the Punyashlok Ahilyadevi Holkar Solapur University shall be final and without appeal and binding to the contractor and the Registrar. The contractor and the owner hereby agree that, this clause shall be condition precedent to any right of action under the contract.

The Arbitration is not allowed and the contract does not provide for any provision to arbitration.

7.40 SECURED ADVANCE ON MATERIALS DURING CONSTRUCTION STAGE

- 7.40.1. The contractor may be considered for payment as secured advance on certain unfixed imperishable material that have been brought to the site in appropriate and reasonable time for incorporation in the work and stored as per prescribed specification to the extent of 70% of cost of such materials. Such advance payment shall be supported by all relevant vouchers, weigh bills, payment receipts, delivery challan, test certificate, measurement books. Such payment shall be based on the basic rates given in SSR 2022-2023. However the rate whichever is lower will be taken for such advance payment and as recommended by the University Engineer / PMC / Architect where the basic rates of materials are not available in C.S.R. the basic rates decided by University Engineer / PMC / Architect shall be applied.
- 7.40.2. The Contractor is required to furnish Indenture Bond on Rs. 500/- stamp-paper prescribed by the Owner duly executed by the Contractor as directed for such advance payment. The payment of such advances shall be made only on the Certificate of the University Engineer / PMC / Architect .
- 7.40.3. Such advance will be made only on such imperishable materials which are to be consumed in less than two months time and which will be solely on the discretion of the University Engineer / PMC / Architect and lying unfixed in safe custody and storage at site on stock taking basis every month and the sum thus advanced in one bill shall be fully recovered from the next bill, may be after allowing fresh advance in the next bill on similar basis on the unfixed materials then in the stock at site.
- 7.40.4. No such advance will be granted in the pre-final bill. The Advance payments on unfixed materials will be treated as on account payment, such materials when paid for, become the exclusive property of the Registrar and shall not be hypothecated to any party or removed from the site regardless of whether accepted or not.
- 7.40.5. The said materials shall remain in the custody of the Contractor until the work is completed and delivered to the Registrar and any loss or damage shall be the sole responsibility of the contractor. An insurance policy against theft, loss or damage by fire, accident and all other causes including acts of God to cover the value of all materials at site for which the contractor at his cost in the name of the Owner. The policy shall be kept in force till the materials are incorporated in the work. The original policy and receipts for premium shall be submitted to the University Engineer / PMC / Architect.
- 7.40.6. Such payments shall be restricted to the approved imperishable materials as fan, fitting without tubes and lamps, cables, wire etc. Secured advance on cement in addition to the above materials will also be considered to the maximum extent of 75% if storage godown and system of storage is as per conditions of the contract and to the satisfaction of the University Engineer / PMC / Architect.
- 7.40.7 The payment in lieu of secured advance shall not exceed to 10% of the estimated cost put to tender at initial stage and thereafter 10% of balance work as per Schedule ' B ' without premium.

8 ADDITIONAL CONDITIONS OF CONTRACT

8.1. ADMITTANCE TO THE SITE

The Contractor shall be allowed admittance to the site on the date of commencement and he shall thereupon and forthwith begin the work and shall regularly proceed with and complete the same on or before the date of completion.

8.2. PROGRAMME CHART

- 8.2.1. The Contractor shall prepare Time and Progress Schedules in the form of BAR CHARTS based on PERT / CPM analysis including resources Scheduling and procurement for materials and all other factors for the whole of the contract within fifteen days of the award of contract for completing the whole work within the completion time stated in the contract, and submit them for approval of the University Engineer / PMC / Architect. It is the contractor's responsibility to submit to the University Engineer / PMC / the Architects and University Engineer the Works progress Report precisely in terms of work done for every week and to see that the Progress of work is maintained and conformity with the Time and Progress Schedules. The Punyashlok Ahilyadevi Holkar Solapur University will not be responsible for any claim on the part of the Contractors and Sub-Contractors on account of delay in delivery of materials by merchants or nominated sub-contractors not having completed their works in accordance with the Time and Progress Schedules.
- 8.2.2. The chart shall also indicate the scheduling of samples, shop drawings and approvals. Thereafter on the first day of each month, for purposes of comparison, the Contractor shall submit an identical chart showing the actual rate of progress to date.
- 8.2.3. In the event the actual rate of progress falls behind the scheduled progress as indicated in the charts, the contractor shall accelerate the works to the satisfaction of the University Engineer / PMC / Architect.

8.3. DAILY PROGRESS REPORT

10.3 ACOUSTIC WORKS and INTERIOR WORKS

- (a). The acoustic work and interior works shall be done as per the detailed description of each item given in Schedule 'B'.
- (b). The level of panelling is upto height of 1.80 meter as per the slopping surface and shall be firstly marked on the wall as per the drawing.
- (c). All the Marine ply shall have beading patti alaround.
- (d). The skirting shall be in polished TW wood of size 100 mm. x 12 mm. properly fixed to sub-base and shall be absolute level.
- (f). Firstly, the wall surface shall be made absolutely in level and plumb and anti-termite treatment should be given to all the walls as per the item as to protect the wood panelling and interior treatment.
- (g). The sample shall be firstly made of perforated gypsum acoustic tiles in dome shape of suspended ceiling and wall tiles for approved of University Engineer / PMC / Architect.
- (h). The fabrication drawing of ceiling light panel sound bar and Saraswati paneletc. should be submitted for approval.
- (i). The sample of all the materials should be submitted for approval before starting the work.

(j). Specified material for interior / civil work

Plywood	:	Marine ply : Anchor / Kitply / Greenply
Cement : 53 grade	:	Ultra Tech, Birla Super
Steel reinforcement TMT	:	TISCO, RINL, SAIL
Structural steel	:	TISCO, RINL, SAIL
Glass	:	Ashahi, St. Gobin,

Full body vitrified tiles : Kajaria, Johnson, NITCO

Laminates : Formica, Sunglass, Decolam

CONTRACTOR

No.s of correction

REGISTRAR

Paint	:	ICI Dulux
Acrylic wall putty	:	Birla, ICI-Dulux
Acrylic sealent / crack filler	:	Pentex, Roff, Pidilite
Anti-termite	:	Dowago Sciences (Dursban)
Aluminium Section	:	Indal / Jindal
G.I. pipe	:	Tata, Zenith
PVC, CPVC & UPVC	:	Prince, Astral, Finolex
S. S. Section	:	304 S.S. grade
Adhesive mix	:	Laticrete 252, SP 100
Welding rods	:	Adwani Oerlicon, Indian Oxygen
Readyplast cement plaster	:	UltraTech, Ambuja
Granite	:	Z black – Telephone black
G.I. sections	:	Meta Craft Engineering Corporation
Fibre glass	:	U.P. Twiga
Gypsum tile	:	India Gypsum
Non-oven board	:	

10.4 Electrical work

- (a) The electrical work should be get it done only from the well experienced, registered electrical contractor. The work must be done in co-ordination with the working electrical contractor of the building. The electrical work should beexecuted by following Indian standard IS Code and regulation – Indian Electricity Act Rules for all electrical installations. All the required test reportsas of insulation resistance test, earth resistance test, earth continuity test, operation test shall be done and submitted. The cables and wires should be placed in appropriate size conduit pipe covering not more than 45% of volume. Proper tests should be conducted as per I.S. standard. Where-ever required the conduit should be fixed in chasing the wall and making good the surface to the original level. Proper earthing should be provided and connected to earthing pits as required.
- (b) The scope of electrical work consist of supply, installation, testing and commissioning of the complete electrical installation as specified in schedule‘B’ of electrical installation of senate hall.

- (c) The contractor shall prepare fabrication and 'As Built' drawing of Electrical installation before submitting final bill.

CONTRACTOR

No. of correction

REGISTRAR

- (d). The contractor shall give & submit the requisite guarantee of the period given by the original manufacture for all LED fittings, square / circular, flood light, spot lights of various size etc. as shown and specified in Schedule 'B'.
- (e) Where-ever, there are no item and rates quoted in item rate schedule 'B', in such case the rates from PWD CSR year 2022-23 shall be applied / given.
- (f). All wiring systems shall be tested for continuously of circuits, short circuits and earthing after the wiring is completed.
- (g). **SPECIFIED MAKE OF ELECTRICAL WORKS**

PVC conduit pipe and PVC casing	:	Precision
M.S conduit	:	Tata / Zenith
Switch sockets Amp / 16 Amp	:	Metallic finish, Anchorwood of 6 Anchor wood / Legrand
PVC wires / cable panel wires, PVC	:	Finolex / Polycab
Urarmoured cable HV cable		
Decorative fixtures, fluroscent LED LED light fittings, M.V. lamps / S.V. lamp, Dulux type Bulkhead fittings	:	Philips, Crompton

10.5 Air-conditioning work

- (a) The air-conditioning work shall be get it done from the specialised agency of specified manufacture as listed.
- (b) The drawing of air-conditioning is enclosed, however the air-conditioning agency shall prepare all details shop drawings before execution of work as per site conditions and execute all internal and external civil work necessitated for air-conditioning work including the cut-outs, opening, core cutting for all required services etc. that will be required for installation of air-conditioning system in and outside the building, all required civil work as for supply, laying, installing etc. without any extra cost. The AC agency shall also make holes in RCC slab, RCC beam, niches in the walls and all such works required for installation and making good without any additional cost. The additional amount will be paid in core cutting of beam for taking pipes.
- (c) **DRAIN PIPING**

The exact route with slope, connection, fixing, boxing detail etc. shall be marked on the layout for approval.

(d). **REFRIGERENT PIPING**

Mark refrigerant piping routes with section sizes on site.

CONTRACTOR

No. of correction

REGISTRAR

- (e) The position of trunking, boxing etc. shall be marked on site.
- (f) All above should be shown on shop drawings with power cable sizes, outdoor units etc.
- (g) That the contractor shall submit four sets of completion drawing including softcopy.
- (h) That the contractor shall carry out test of different equipments as per I.S.codes and as directed by the Architect / PMC.
- (i) The contractor shall execute any additional work as necessitated for the better functioning of system. The rates if not exist in Schedule 'B', the rates of such additional work shall be determined by the Architect / PMC. On submitting the analysis of rates by the contractor or if the Rate exist in CSR2022- 2023 of electrical work or rate exist in SSR 2022-2023 shall be adopted.
- (j). The contractor has to accept the rates as finalised by the University and PMC.
- (k). The outdoor units shall be weatherproof, casing constructed from heavy gauge M.S. panel, bottom frame and all parts exposed to atmosphere, should be of alloyed hot-dip zinc coated heavy steel plate, coated with corrosion protection polyester resin coating on both inner and other surface in minimum thickness of 70 Micron and above.
- (l) All screws, bolts used in outdoor units shall be with SUS 410, Zinc-Nickel alloy plating, zinc chromate acid film treatment and Ruse inhibitor coating.
- (m) Refrigerant piping

All refrigerant piping for the air-conditioning system shall be hard drawn copper refrigerant pipes with copper fitting and silver soldered joints. The refrigerant piping arrangement shall be in accordance with good practices of air-conditioning and are to include charging connections, suction line insulation and all other items normally forming part of proper refrigerant circuits.

- (n) All joints in copper piping shall be sweat joints using low temperature brazing and or silver solder. Before joining any copper pipe and fittings, its interior shall be thoroughly cleaned by passing a clean cloth via wire or cable through its entire length. The piping shall be continuously kept clean of dirt etc. while constructing the joints. Subsequently it shall be thoroughly blown out using nitrogen.
- (o) After the refrigerant piping installation has been completed, the refrigerant piping shall be pressure tested using nitrogen at 32 Kg. per Sq.cm. Pressure shall be maintained in the system for at least 24 hours. The system shall be then evacuated to minimum vacuum of 700 mm. Hg. and held for 24 hours. The air-conditioning shall have proper interconnections of the complete refrigerant circuit. All testing work shall be done as per norms with submitting copy of norms.
- (p) The wall thickness of copper piping shall not be less than 1.2 mm. thick up to pipe size of 7/8" and shall not less than 1.5 mm. thick up to 2".

CONTRACTOR

No. of correction

REGISTRAR

- (q) All refrigerent pipe shall be properly supported and anchored to the building structure using steel handers, anchors, brackets, supports which shall be fixedto the building structure by means of inserts, expansion shield of adequate sizeand number to support the load imposed there-upon.
- (h) Drain piping shall be in UPVC. The IDU shall be connected to the drain pipe shall be made of rigid heavy duty UPVC of density of atleast 10 Kg. / Sq.cm. for minimum diameter of 20 mm. If pipes are taken underneath floor, it shouldbe atleast 20 Kg. / Sq.cm.

The pipes must be leds in proper slope for efficient draining of condensatewater.

(i) **Pipe insulation**

The whole of the suction and liquid line – refrigerant pipe including all fittings, valve, strainers bodies, etc. shall be insulated with atleast 19 mm. / 13 mm. respectively thick class ‘ O ‘ electrometric Nitrile Rubber sleeve and as statedin BOQ. The joints shall be properly sealed with R242 adhesive of Polychloreprene to ensure proper bonding at ends. Insulation of cold lines shallbe carried out with Armaflex / K-flex insulation sheets and tubes of thickness as directed by the Architect so that the condensation does not occur.

(j) **Drain pipe insulation**

Drain pipes carrying condensate water shall be insulated with atleast 9 mm.thick in white nitrile rubber insulation and as per BOQ. The joints shall be properly sealed with R242 adhesive of Polychloroprene to ensure proper bonding at the ends. For proper drainage of condensate U-trap shall be provided in the drain piping. All pipe supports shall be of pre-fabricated andpre-painted slotted angle support properly installed with clamps.

- (k) The drain shall be executed as per the specification stated in Schedule ‘B’ and as stated in condition of contract. Where-ever it is not stated, the specifications shall be as per Maharashtra PWD for electrical works and as amended uptodate and as per relevant BIS, relevant I.E. rules and as directedby the Architect. Where there is no specification given in Maharashtra PWD, the work shall be as per CPWD general specification for electrical work

Part – I, Part II, Part – III and IV and as amended uptodate. These additional specifications shall be read in conjunctions with specifications and conditions given in this tender. However, nothing extra in whatever manner, shall be paidon account of these conditions and additional specifications and same are to be read alongwith schedule of quantities (BOQ) for the work.

(l) **Testing**

- 1 The Hi-side contractor manufacture shall also be responsible low side work and will have better understanding each other for successful completion and satisfactory installation of the A.C. system. Cost for anysuch test and inspection at supplier works will be borne by contractor and included in the rates.

2. On completion of the system, the contractor shall arrange to carry out various initial tests in the presence of and to the complete satisfaction of the Architect and their representatives and if any defects is found, thesame shall be made good by the contractor at his own expense.

CONTRACTOR

No. of correction

REGISTRAR

3. Further the Hi-side and low side contractor shall demonstrate trouble free running of the system for a period of 10 days in co-ordination with each other. On satisfactory completion of all the above test, the system will be considered to be virtually complete for the purpose of taking over by the owner.

(m). ANNUAL COMPREHENSIVE MAINTENANCE CONTRACT FOR AIR-CONDITIONING WORKS

1. The A.C. contractor will quote for yearly Annual maintenance contract on attached form for next five years after the defect liability period of first one year and 14 months from the date of final bill and satisfactory testing, commissioning and handing over the air-conditioning system of senate hall.
2. Attend complaints within 24 hours in case of break down, maintenance of all system.
3. The rate quoted for AMC shall include the following items. (a)
Refrigerant gas
(b) Lubricating oil for compressor system
(c) Packing / coupling / gaskets / insulation materials / other general spare.
(d) All electrical spares e.g. fuses, relays, contactors and other general spares.
(e) Indoor Unit fitter / belts / bearings / valves / other spares. (n).

Quarterly Maintenance and also wherever earlier required

The contractor will do the following at every quarterly and where any time earlier than three months requirement.

1. Maintenance of all filters, fans, diffusers, cooling coils, Refrigerent Gas make up etc.
2. Tightening of belts, foundation bolts of equipments, alignment of belt pulleys and couplings.
3. Examining indoor / outdoor units & operating linkages for smoothness
4. To check the gland / seal, coupling of units.
5. To check the safety controls mechanical, Electrical / Electronics and Interlocking of the various equipments.
6. To check all piping / insulation / proper positioning / damage and rectifying the same wherever required.
7. Inspect / check entire for leakage and rectification of leakage, if any.

CONTRACTOR

No. of correction

REGISTRAR

8. To check and lubricant (if required) the bearing of the fans / motors and keep the proper record.
9. To check the foundation bolts of the units / motors and to take the necessary action if required.
10. Check the quantity of Air-flow from various outlets in each room / areas per drawings and do adjustment of dampers etc. as and when required.
11. Check the performance of equipment of VRF plant for proper functioning.
12. Any other job required to be attended during course of checking and to keep the plant in perfectly working conditions
13. Checking / setting / rectification of all safety and automatic controls.
14. Complete overhauling of indoor / outdoor units, FCU, Fans
15. Maintenance of Fresh Air / Exhaust Air Fans and their Balancing, if required. Observe the operation of all the dampers and make necessary adjustment in linkage and blade orientation for proper operation.
16. Functional checks & calibration of all switches, thermostats, humidistat and other instruments rectification of the same if required.
17. Maintenance of all Electrical equipment Feeders, Panels, Bus Bars, cubicles, Motors, heaters, circuit breakers, power points, etc. as per standard maintenance practice and as directed by concerned maintenance engineer. The maintenance and repairing of motors, software re-installation (if required) etc. are also within the Vendor's scope of work.
18. The gas charging in VRF system will be executed by vendor, whenever required at his cost.

NOTE : All the equipments / installations shall always be kept in good and trouble free operating conditions. All the required record for break-downs / repairs and maintenance etc. shall be maintained in the form of history books and logbooks etc. as per directions.

All the maintenance works shall be carried out in accordance with the manufacturer's specifications and instructions of the University Engineer.

(o). **TOOLS & PLANTS**

All the general & special tools, tackles required for proper maintenance and repairs / break down etc. shall be arranged by the contractor at his own cost.

CONTRACTOR

No. of correction

REGISTRAR

(p). **CONSUMABLES**

The rates shall be inclusive of establishment as well as spares and consumables as per schedule of work. The contractor is required to assess the probable quantity of all types of spares and consumables likely to be required for replacement for keeping all the installations in good working conditions and include the lump sum cost of these spares & consumables. Nothing extra on any account shall be payable over and above the approved all-inclusive comprehensive rates of the contract.

The consumables and spares shall be of best standard quality purchased from the original manufacturers or authorised dealers only and shall be approved by the Architect / owner / or his representative authorised by the owner before use. Owner may direct the contractor to use consumables of its choice from the listed / approved vendors.

All spares and consumables shall be arranged by the contractor for which nothing extra shall be payable which all shall be included in yearly AMC cost.

A list shall be prepared by the contractor for major spares consumables and the decision of owner regarding the major / minor consumables shall be final.

Replaced parts / spares, used burnt oil etc. will be property of vendor. It is his responsibility to be disposed of immediately.

- (q) All the equipments / installation shall be kept in good and trouble free operating conditions.
- (r) All the maintenance works shall be carried out in accordance with the manufacturer's specifications and instruments of the University Engineer.

10.6 Fire fighting work

Since it is required to obtain final fire NOC through the existing duly registered and having license issued by the Director, Maharashtra Fire and Emergency

services, Govt. of Maharashtra. The work need to be get it done through them. The contractor will see that this work should be get it done on priority as to enable the said fire contractor to apply for final fire NOC. The contractor need to get the work done with proper co-ordination with the fire contractor.

- (a). The architectural and fire system drawing can be amended as per site conditions.
- (b). The fire contractor shall prepare fabrication drawings showing sprinkler system, smoke detection system, fire alarm system in co-ordination with Architect as per the requirement of fire officer as to get final fire NOC from CFO. The contractor will also prepare 'As Built drawing' and submit three sets to Architect / PMC / University Engineer.
- (c) Work under this contract consist of furnishing, providing labour, materials, equipment and appliances necessary and required to completely do all works relating to the fire fighting and fire protection system as described here-in- after and shown and the drawings, consisting of :

CONTRACTOR

No. of correction

REGISTRAR

- i) The scope of work of fire fighting contractor include preparation of amended drawings as per the suggestions / requirements of fire officer strictly with co-ordination with Architect, preparation of fabrication drawings before starting the work, preparation and submitting three sets ' As built drawings ' with soft copy, obtain fire NOC and final fire NOC and all these work shall be without any extra cost and any financial implication.
- ii) Getting tested by and approval of the installation by the Local Fire Authority during the fabrication / construction stage as well as after completion.
- iii) The fire fighting contractor shall obtain any separate necessary authorities of CFO etc. without any extra cost.
- iv) Supply of any other item or services not specifically mentioned anywhere but required as per fire NOC and also required by fire officer from time to time and for essential for smooth operation.
- v) Getting licence : As form ' A ' and form ' B ' from the respective fire authority, hence the fire contractor shall have License to issue Form ' A ' and Form ' B ' from CFO.

(d) **Responsibilities of contractors**

- 1. Contractor shall be responsible for procuring supplying and providing all labour, tools and plant and equipment, etc., required for completing the work in all respects and as per the scope of the contract.
- 2. All expenses towards mobilization at site and demobilization including bringing in equipment, work force and materials, dismantling the equipment, clearing the site, etc. shall be deemed to be included in the rates quoted by the contractor against various items of schedule rates and no separate payment on such expenses shall be entertained.
- 3. The procurement and supply in sequence and at the appropriate time of all materials and consumables shall be entirely the contractor's responsibility and his rates for execution of work will be inclusive of supply of all these item.

(e). Works not covered in the specifications shall be carried out as per relevant Indian standard Code of practice specifications of materials.

(f). **Execution of work**

- 1. The work shall be carried out in conformity with the drawings and co-ordinating with other contractors and within the requirements of architectural, air-conditioning, plumbing, electrical, structural and other specialised services, drawings, etc.
- 2. The contractor shall make holes, sleeves, core cutting and any work required for fire fighting works and make them good at their cost.

(g). **Drawings**

Contractor shall verify all dimensions at site and bring it to the notice of the Architect any or all discrepancy or deviations notices. The decision of the Architect in the regard shall be final.

CONTRACTOR

No. of correction

REGISTRAR

(h). Materials

Materials shall conform to the latest TAC / Fire Regulations / Indian standards specifications as amended up to date and carry certification mark, wherever so required.

(i). Inspection and testing of materials

1. Contractor shall be required to produce manufacturer's test certificate for the particular batch of materials supplied to him. The test carried out shall be as per the relevant India standards.
2. For examination and testing of materials and works at the site contractor shall provide all testing and gauging equipment necessary but not limited to the following :
 - a) Steel tapes
 - b) Painting / Coating thickness gauge c) Plum bobs, spirit levels, hammers d) Micrometers / Vernier Calipers
 - e) Hydraulic test machine, pressure gauge, flow meter f) Clamp – on – ammeter, megger

(j). Completion drawings

1. Contractor shall provide four sets of catalogues, maintenance manuals, performance data and list of spare parts together with the name and address of the manufacturer for all electrical and mechanical equipment provided by him.
2. All “ Warranty Cards “ given by the manufacturers shall be handed over to the owner / Architect.

(k). Site clearance and clean-up

1. The contractor shall from time to time, clear away all debris and excess material accumulated at the site.
2. After all the fixtures, equipment and appliances have been installed and commissioned, contractor shall clean up the same and remove all plaster, paint, stains, stickers and other foreign matter and discoloration leaving the system in a ready to use condition.

(l). Welding

1. The welding procedure, types of electrodes etc. shall be in accordance with the following IS Specifications.

Welding Procedures	IS : 823
Welding electrodes	IS : 814, but of approved makes only
Testing of Welders	IS : 817
2. Only welders fulfilling the requirements of IS : 817 and approved by the Architect / Owner shall be employed by the contractor.
3. Welding rods of Adani Oerlicon and Indian Oxygen shall only be used.

CONTRACTOR

No. of correction

REGISTRAR

10.7. Comprehensive maintenance for fire alarm system

The fire contractor through whom the fire fighting work of senate hall will be get it done, shall sign the comprehensive maintenance contract after the defect liability period and maintain the system for next five years. The scope of work under maintenance contract shall be as follow. The comprehensive maintenance contract shall be merged together with following all the conditions as per contract of fire fighting works of remaining Administrative Building and Examination Bhavan.

- (a) Performance check of main control panel and verifying the proper operation of all L.E.D.'s & lamps on control panel, rectification of all defects including replacement etc.
- (b) Performance check of external Repeater Panel / Floor Panel / P.A. Panel
- (c) Performance check of open and short circuit condition to result in fault alarm condition on the corresponding fire alarm panel.
- (d) Performance checks of fire & Fault signal.
- (e) Checking the performance of Manual Call Box and its servicing(f)

Checking the performance of external Hooters and its servicing(g) Checking of performance of Remote Response Indicators

- (h) Checking of operation readiness in case of Mains failure.

The above work includes overhauling, rectification and replacement of parts and keep it ready for operation in every time.

- (i). The contractor shall provide a log book / service card in which he has to be maintain for all the works carried out and acknowledgement signature to be obtained on every visit from the nominated person by the concerned authority for satisfactory functioning of system.
- (j). The contractor shall bring at every six months satisfactory working certificate of fire systems from concerned Chief Fire Officer / appropriate authorities.
- (k). Beside the agreed period of service, technical persons shall attend to any break- down and emergencies during the period of this contract, as and when client intimates to contractor about the breakdown. All spare parts like LED's, fuses, bulbs and other minor items will be supplied at no cost. It shall be the responsibility of the contractor for keeping it in functional use at all times, the complete system.
- (l). This comprehensive contract is valid for a period of five years as stated in the tender with 5% yearly increase after defect liability period.

CONTRACTOR

REGISTRAR

10.7. **CHAIRS AT SENATE HALL**

Supplying and fixing tip up chairs with folding writing pad, noise free spring loaded auto tip up seat movement with good quality PU / wood waterfall armschairs, full Upholstered of high cost range with good quality foam, laminated high quality fabric duly approved with net backing as approved by the University Engineer / PMC / Architect as per the following descriptions and specifications.

(a) **STRUCTURE**

- Stand–Base to be 200 x 75 x 6 mm. M.S. flat welded to 38 x 38 x 2 mm. CRCA tube 22”, long further supported to 38 x 38 x 2 mm. – 11”Long CRCA tube.
- Tip-up movement supported by 200x 75 x 6 mm. M.S. flat with M.S.twin support 12 mm. in dia.
- Seat Bracket to be 12 x 25 x 100 mm. M.S. flat welded to a plate of 80x 100 x 3 mm.
- Back bracket to be 200 x 70 x 70 mm. of 1.6 mm. thick, CRCA sheetwith 2 longitudinal holes for bolting.

(b) **BACK**

- Back made of 14 mm. thick marine plywood of Anchor / Kitply make of Net of size 480 x 430 mm. or as required, fused with Polyurethane foam laminated fabric cover. All bolts to be received by dash nuts CNC Milled threaded and nailed of size 20 x 10 mm.

(c) **SEAT**

- Seat made of 18 mm. thick bent plywood, size 480 x 430 mm., fusedwith polyurethane foam of 480 x 430 mm. having density of 50 +/- 5 Kg./Cum. And upholstered with foam laminated fabricated fabriccover. All bolts to be received by dash nuts CNC milled threaded andnailed of size 20 x 10 mm.

(d) **SPRING FOR TIP-UP MOVEMENT**

- Spring for seat auto tip-up torsion (Confirming to grade 2) tested for5,000 cycles, to be used for tip-up movement.

(e) **SIDE PANEL**

- * All side panels to be of 14 mm. plywood fused with foam laminated fabric to cover all metal parts.

(f) **UPHOLSTERY FABRIC**

- * 100% polyester stretch fabric available in various colours, to be fused with 7.5 mm. foam, wherever quilting is required.
- * Option of FR coated fabric passing test BS-EN-1021 : 1 & 2 / BS 5852 Part 1.
- * Option inherent FR fabric passing test FAR 25.853 / Part -1.(g)

ARMREST – OPTIONS

- * **WOODEN WATERFALL HANDLES / BLACK PU ARMS**

To be of size 430 x 30 x 60 mm. polished in natural or shade as desired by client.

(h) **MALL CUP HOLDERS**

Size 48- x 100 x 40 mm. duly ribbed and supported by 14 mm. thick plywood insert, size 360 x 65 mm. duly cushioned and upholstered.

(i) **POLYURETHANE FOAM**

No.	Property	Unit	Specification		Test Method

(j) **Installation**

- For installation, chairs are bolted to the ground using chemical fasteners of Hilti or any other similar brand.
- Tolerance of ± 5 mm. to 7 mm. in dimensions as given to be acceptable.
- Based on site conditions, the centre to centre of the chair / or the angle and height of the back would be enhance / reduced.

CONTRACTOR

No. of correction

Page. 102
REGISTRAR

- (k) The chairs shall be 950 mm. c/c with firmly bolting to the floor using chemical fasteners of Hilti with using M.S. baseplate of size 230 x 100 x 6 mm. thick.

The layout of chairs shall be firstly marked before fixing.

11 GENERAL CONDITIONS OF CONTRACT
APPLICABLE TO ALL THE DIFFERENT TYPES OF WORKS AS OF
INTERIOR / ACOUSTIC, ELECTRICAL, AIR-CONDITIONING, TIP-
UPCHAIRS ETC.

- 11.1. The interior / acoustic contractor is responsible for all their equipments, piping, wiring and all material including of all other agencies with him.
- 11.2. The contractor shall maintain all the complete system as of acoustic, Electrical, air-conditioning fire fighting, tip-up chairs etc. for 12 + 2 months w.e.f. final bill while their retention money shall be released only on successful maintenance after this defect liability period.
- 11.3 The rate quoted by the contractor for all different types of work as acoustic interior works, electrical, air-conditioning, fire fighting, Tip-up chairs etc. shall be firm and price variation clause will not be applicable to this tender and no escalation due to fluctuation in the price of material. Labour and POL and due to any reason whatsoever shall be entertained. In case of rates of identical item under sub-heads / parts are different, then the lowest rate of these will be taken for purpose of making payment.
- 11.4 The contractor shall maintain at site all necessary tools and instrument required for all types installation work.
- 11.5 All quantities taken in Schedule of work of all different types of work are approximate and the payment shall be made as per executed quantity.
- 11.6. The contractor shall submit the exact shop / fabrication drawings and 'As built Drawings' of all different type of work with executed quantities.
- 11.7 **CONTRACTOR'S RATES OF ALL DIFFERENT TYPES OF WORK**

(a). Unless expressed otherwise the rates quoted by contractor for each item of work in bill of quantities shall be deemed to include cost of following and nothing extra will be paid for any account.

(b) All materials, fixing materials, accessories, scaffolding to any height, good shuttering required for carrying any work tools, plants, equipments, transport, labour involved for all operations, testing working at all levels, any material brought from anywhere in India or from anywhere in the world and from any lead and situations for full and entire execution and completion of work called for in the item and as per specifications and drawings complete.

CONTRACTOR

No. of correction

Page. 104
REGISTRAR

- (c). The rates quoted shall deemed to include for all civil work which are not shown on drawings or given in specification but as essential in the opinion of PMC / University Engineer for the execution of works to conform to good workmanship and sound engineering practice.

University Engineer / PMC Architect reserves the right to make any changes during the execution without any extra payment.

- 11.8.. For examination and testing of materials and works at the site contractor shall provide all testing and gauging equipment necessary but not limited to the following :

- a) Steel tapes
- b) Painting / Coating thickness gaugec) Plum bobs, spirit levels, hammers d) Micrometers / Vernier Calipers
- e) Hydraulic test machine, pressure gauge, flow meterf) Clamp – on – ammeter, megger

- 11.9. The contractor shall provide for purpose of inspection access ladders, lighting and necessary instruments at his own cost.

11.10. Site order book

1. The contractor shall maintain a site order book at the site office.
- 2.. All instructions relating to the job shall be recorded by the owner, along with contractor's compliance.
3. Contractor is bound to carry out all such instructions given to him.

11.11. Working / shop drawings

The contractor shall submit to the Architect / PMC, four copies of the working /shop drawings.

11.12 Site clearance and clean-up

1. The contractor shall from time to time, clear away all debris and excess material accumulated at the site.
2. After all the fixtures, equipment and appliances have been installed and commissioned, contractor shall clean up the same and remove all plaster, paint, stains, stickers and other foreign matter and discoloration leaving the system in a ready to use condition.

11.13. Welding

1. The welding procedure, types of electrodes etc. shall be in accordance with the following IS Specifications.

Welding Procedures	IS : 823
Welding electrodes	IS : 814, but of approved makes only
Testing of Welders	IS : 817

2. Only welders filling the requirements of IS : 817 and approved by the Architect / Owner shall be employed by the contractor.
3. Welding rods of Adani Oerlicon and Indian Oxygen shall only be used.

11.14.. Jointing of pipes

Pipes and fittings shall be joined with electrical resistance welding in approved manner. Gasket, for use in between flanged joints, to be of CAF as per IS : 2712, thickness as specified in BOQ.

FORM OF CONTRACT AGREEMENT

hereinafter called the Contractor (which expression shall where the context so admits of implies be deemed to include his executors, administrators and assigns) of the one part AND PUNYASHLOK AHILYADEVI HOLKAR SOLAPUR UNIVERSITY, SOLAPUR (Hereinafter called Punyashlok Ahilyadevi Holkar Solapur University, Solapur, which expression shall where the context so admits of implies to deemed to include his successors in office and assigns) of the other part.

WHEREAS by an agreement dated _____ (hereinafter called the said Agreement) the contractor has agreed.

AND WHEREAS the Contractor has applied to the Punyashlok Ahilyadevi Holkar Solapur University, Solapur that be allowed Advances on the Security of materials absolutely belonging to him and brought by him to the site of the works, the subject of the said agreement for use in the construction of subject of the said agreement of the work as he has undertaken to execute at rates fixed for the finished works (Including of the cost of material and labour and other charges)

AND WHEREAS the Punyashlok Ahilyadevi Holkar Solapur University, Solapur has agreed to advances to the contractor as per the condition of contract and which is as secured advance shall not exceed to 10% of approximate estimated cost which comes to Rs. _____

at initial stage and thereafter 10% of balance work, as per approx. estimated cost on the aforesaid security and has reserved to himself the option of making any further advance or advances of security of aforesaid nature the quantities and other particulars of the materials on the security of which the advances or advance are made being detailed in Part II of the running account bill for the said works signed at the time being by the contractor.

NOW THIS INDENTURE WITNESSETH the in pursuance of the said Agreement and in consideration of the sum of as per contract conditions and as given and explained above on or before the execution of these presents paid to the Contractor by Punyashlok Ahilyadevi Holkar Solapur University, Solapur (the receipt whereof the Contractor do hereby acknowledged) and of such further advances (if any) as may be made to him as aforesaid the contractor do hereby convenient and agree with Punyashlok Ahilyadevi Holkar Solapur University, Solapur.

CONTRACTOR

NO. OF CORRECTION

REGISTRAR

- a. That the said sum of Rupees as the amount as per the Conditions of Contract as given and explained above so as advanced by the Punyashlok Ahilyadevi Holkar Solapur University, Solapur to the Contractor as aforesaid and all or any further sum or sums advanced as aforesaid shall be employed by the contractor in or towards expediting the execution of the said work and for no other purposes whatsoever.
- b. That the materials detailed in the said running account bill which have been offered to and accepted by the Punyashlok Ahilyadevi Holkar Solapur University, Solapur as Security are absolutely the Contractor's own property and free from encumbrances of any kind and the Contractor will not make any application for or receive a further advance on the security of materials which are not absolutely his own property and free from encumbrances of any kind and contractor indemnifies the Punyashlok Ahilyadevi Holkar Solapur University, Solapur against all claims to any materials in respect of which an advance has been to him as aforesaid.
- c. That the materials detailed in the said running account bill and all other materials on the security of which any further advance or advances may hereafter be made as aforesaid (hereinafter called the said materials) shall be use by the Contractor solely in the execution of the said works in accordance with the directions of the Architect / PMC / University Engineer and as per the direction of the Registrar of Punyashlok Ahilyadevi Holkar Solapur University, Solapur.
- d. That the Contractor shall make at his own cost all necessary and adequate arrangement for the proper watch, safe custody and protection against all risks of the said materials and that until used in constructions as aforesaid, the said contractor's materials shall remain at the site of the side works in the Contractor's custody and on his own responsibility and shall at all times be open to inspection by the University Engineer / PMC / Architect or any person authorized by him and by The Registrar, Punyashlok Ahilyadevi Holkar Solapur University, Solapur or any person authorized by him / them. In the event of the said materials or any part thereof stolen, destroyed or damaged, the contractor will forthwith replace the same with other materials of same quality or repair and make good the same as required by the University Engineer / PMC / Architect or their representative.
- e. That the said materials shall not on any account be removed from the site of the said works except with the written permission of the University Engineer / PMC / Architect or any person authorized by him on that behalf.
- f. That the advance shall be repayable in full when or before Contractor receives payment from the Solapur University, Solapur of the price payable to him for said works under the terms and conditions and the provisions of the said agreement provided that if any intermediate payments are made to the contractor on account of works done then on the occasion of such payment by Punyashlok Ahilyadevi Holkar Solapur University, Solapur will be at liberty to make a recovery from the Contractor's bill for such payment by deducting therefrom the value of the said material then actually used in the constructions and in respect of which recovery was not been made previously the value for this purpose being determined in respect of each description of materials at the rate at which the amounts of the advances made under these presents were calculated.
- g. That if the Contractor shall at any time made any default in the performance or observances in any respect of any of the terms and provisions of the said Agreement or of these presents the total amount of the advance or advances that may still be owing to the Punyashlok Ahilyadevi Holkar Solapur University, Solapur shall immediately on the happening of such default be repayable by the Contractor to the Solapur University, Solapur together with interest thereon at eighteen percent per annum from the date of respective dates of such advances to the date of repayment and with all costs, charges, damages and expenses incurred by the Punyashlok Ahilyadevi Holkar Solapur University, Solapur in or for the recovery thereof or the enforcement of this security or otherwise by reason of the Default of the Contractor hereby covenant & agrees with the Punyashlok Ahilyadevi Holkar Solapur University, Solapur to repay and pay the same respectively to him accordingly.

- h. That the Contractor hereby charges all the said materials with the repayment to the Solapur University, Solapur of the said sum of Rupees as per the Conditions of Contract and given and explained above and any further sum or sums advanced as aforesaid and all costs, charges, damages and expenses payable under these present PROVIDED ALWAYS and it is hereby agree and declared that notwithstanding anything in the said agreement and without prejudice to the powers contained therein if and whatsoever the convenient for repayment and payment herein before contained shall become enforceable and the many owing shall not be paid in accordance therewith the Punyashlok Ahilyadevi Holkar Solapur University, Solapur may at any time thereafter adopt all or any of the following courses as he may deem best :-
- (a) Seize and utilize the said materials or any part there of in the completion on the said works on behalf of the Contractor in accordance with the provision in that behalf contained in the said agreement debiting the contractor with the actual cost of effecting such completion and the amount due in respect of advances under these presents and crediting the contractor with the value of work done as if he had carried it out in accordance with the said agreement and at the rates there by provided. If the balance is against the contractor he is to pay same to the Punyashlok Ahilyadevi Holkar Solapur University, Solapur.
- (b) Remove and sell by public auction the seized materials or any part thereof and out of the moneys arising from the sale retain all the sums aforesaid repayable or payable to the Punyashlok Ahilyadevi Holkar Solapur University, Solapur under these presents and pay over the surplus (if any) to the contractor.
- (c) Deduct all or any of the moneys owing out of the security deposits or any sum due to the contractor under the said agreement.
- i. That except in the event of such default on the part of the contractor as aforesaid interest on the said advance shall not be payable.
- j. That in event of any conflict between the provisions of these presents and the said agreement the provisions of these presents shall prevail and in the event of any dispute or difference arising over the construction or effect of these presents the settlement of which has not been hereinbefore expressly provided for the same shall be referred to the University Engineer / PMC / Architect, whose / their decisions shall be final and the provisions of the agreement for the execution of the said building contract shall apply to any such reference.

IN WITNESSES WHEREOF the said Agreement and the order and under the direction of the Punyashlok Ahilyadevi Holkar Solapur University, Solapur have hereunto set their respective hands the day and year first above written.

SITE VISIT / SURVEY REPORT

- 1 Tender ID :-
- 2 Bidder Details (Name of Agency / Bidder) :-
- 3 Bidder Representative – Name & Designation :-
- 4 Details of site / Name of work :- Senate hall – Proposed interior / acoustic work comprising of acoustic treatment, electrical works, air-conditioning work, fire fighting works, tip-up chairs at senate hall in Administrative Building and Examination Bhavan at Punyashlok Ahilyadevi Holkar Solapur University, Solapur.
- 5 Date of site visit :-

In compliance to above referred tender enquiry and special terms & condition regarding site visit, the bidder must visit above site before the tendersubmission date and understand the requirements before participating the bid.

Accordingly, I / we have visited and examined the building and site with all physical features, contours, characteristic, the approach and all other requisite information relating thereto as affecting the tender invited by the University.

- i) I / we have understood the site conditions, I / we will be binded to complete the work within the time period mentioned in the tender.
- ii) I / We have understood the details scope of the work exclusively defined in the technical specification.
