NOW THEREFORE:

Considering these legal and institutional relations, the successful implementation and operation of the Railway Engineering Courses affiliated to Solapur University requires the partnership between the signatories which this MoU shall facilitate. The parties therefore have entered into this Memorandum of Understanding (here-in-after referred to as "MoU") for the grant of approval to conduct a Diploma Course in Rail and Transport certified by Punyashlok Ahilyadevi Holkar Solapur University, Solapur

ARTICLE I: BACKGROUND & PURPOSE OF THIS MoU

Background

Punyashlok Ahilyadevi Holkar Solapur University is a State University located in Kegaon, Solapur, Maharashtra India. Formerly it was a postgraduate center of Shivaji University, Kolhapur. Punyashlok Ahilyadevi Holkar Solapur University was established on 1st August 2004 and was inaugurated on 3rd August 2004 by the honourable Governor of Maharashtra.

The Objectives are

- To continue to improve the quality of the undergraduate and postgraduate courses that prepare our students for professional life, leadership and citizenship in a changing world.
- To make special efforts to provide access to higher education to economically challenged and underprivileged sections of the society.
- Optimize the usage of resources and infrastructure in an integrated fashion to improvise, enhance and strengthen the students' faculties.

AND

Maharashtra Academy of Engineering and Educational Research (MAEER) was established in 1983 as a Trust with the vision of creating and developing professional education facilities to empower the aspiring young generation, thus, provide dedicated, ambitious and skilled professionals to serve the nation. Since its inception, MAEER has been striving for the betterment of the society through value based education system. In short span of time it has pioneered in establishing multidisciplinary educational institutions in the field Engineering, Medicine, Management etc. With its vast experience in the field of technical education the founder of MAEER's MIT Group realized the dire necessity of having institutions that is devoted to a particular discipline of Railway Engineering, so that well qualified, competent manpower is available to take up the challenges including speed, vibration, track renewal, maintenance, signaling, structural analysis and design, coupled with efficient and effective management of the railway system in its totality. Thus, established a unique institution named "MIT College of Railway Engineering and Research at Industrial Estate # 3, Jamgaon, Barshi, Dist. Solapur, Maharashtra. MITCORER aspires to cultivate and train the students who will help / provide solutions to the greatest technological and social challenges of the 21st century. The Vision is to create future leaders who would manage and lead powerful organizations in the emerging corporate landscape. The curriculum of the programs is railway oriented and is based on the actual railway practices. MITCORER is focused on giving students real world and practical live education that will transform them into successful professionals. Our facilities and amenities are paired with assignments, projects, interactive classes and strong industry-institute rapports, which will help to make MITCORER one of the best educational institutions in the country.
